No. 40. ORDER THEREON, 10th January 1865, No. 25.

The Governor in Council is of opinion that the sum of Rupees 6,650, provided in the Marine Budget estimate for 1865-66, on account of "Contingencies at Out-ports," is much in excess of the average actual expenditure of the last three years, and that 4000 Rupees will be sufficient to meet the requirements which are likely to occur. He also thinks that Rupees 1000 will be sufficient for the "Contingencies of the Presidency Marine Office," and the same sum for the expense of "moving coals from the godowns to the boats," estimated, respectively, at Rupees 1500. The necessary reductions will, accordingly, be made in the Budget Estimate.

Official Memorandum

1 The Superintendent of Marine has the honor to inform the Chief Secretary in reply to his official memorandum of yesterday's date that the average amount of the Contingent charges at outports for the last 3 years was 2431 Rupees, but that to meet requirements which are likely to occur, he estimates the expenditure under the head for 1865/66 at 6650

2 The estimates for contingencies in the Presidency Marine offices (Superintendent and Master Attendant) has been on an average of three years 1067 Rupees.

3 The cost of moving coal is entirely depends on accidental circumstance, that it cannot be estimated with even a moderate degree of certainty. In 1861/62 it was 2591 Rupees, in 1863/64, only 499 Rupees,

the

The average of the 3 years being 1825 Rupees.
