Proceedings of the Madras Government, Financial Department,
28th July 1865.

No. 49. Read the following Despatch from the Right Honorable Sir C. WOOD, Bart., Secretary of State for India, to His Excellency the Honorable the Governor in Council, Fort Saint George; dated India Office, London, 16th June 1865, No. 37.

I forward a copy of a letter dated the 19th ultimo, from Surgeon Waring (who is engaged in editing the Pharmacopœia of India), together with 30 copies of the lists of the medicinal plants of India, which it is proposed to notice in the work; and I request that you will, as suggested by Dr. Waring, instruct the Principal Inspector General at your Presidency to take measures for obtaining, from the most qualified Medical Officers under him, any additional information on the subject which they may be able to afford.

From Surgeon E. J. WARING, M. D., Editor of the Pharmacopœia of India, to the Under Secretary of State for India; dated London, 19th May 1865.

By desire of the Committee engaged in the preparation of the Pharmacopœia of India, I have the honor to forward, herewith, one hundred copies of the lists of the medicinal plants, &c., of India which it is proposed to notice more or less in the forthcoming work, with the view of their being transmitted to the authorities in India in the following proportions, viz., Bengal 40, Madras 30, and Bombay 30.

2. I have the honor to request that these lists may be forwarded to the Principal Inspectors General (Medical Department) at each Presidency, with the request that they shall be submitted, according to the judgment of the Heads of the Department, to those Medical Officers in their respective circles who are known to be best qualified, and to possess the greatest amount of information on this particular branch of knowledge, with the view of ascertaining whether the said lists are complete, and also whether there are other articles which it may be desirable to notice.

3. It would at the same time be desirable to procure, through the same channel, any reliable information which individual Medical Officers may be able to afford with reference to any particular drug included in the lists now sent, and to receive any suggestions for rendering the work in hand as useful and complete as possible.

4. In forwarding these lists, the Committee wish it to be understood that, as they at present stand, they are only in gross, and in a condition to admit of careful revision and reduction hereafter.

No. 50. ORDER THEREON, 28th July 1865, No. 357.

Ordered that a copy of the foregoing Despatch and of Surgeon Waring's letter, together with the 30 copies of the lists of medicinal plants of India received therewith, be forwarded to the Principal Inspector General, Medical Department, and that he be requested to take early measures for obtaining from the best qualified Medical Officers the information required on the subject.

(True Extract).

Chief Secretary.

To the Principal Inspector General, Medical Department.
