16*th January* 1865.

No. 54. Read the following Extract from the Proceedings of the Government of India, in the Financial Department, dated 31st December 1864, No. 4117.

Read Office Memorandum to the Military Department, No. 802, dated the 11th June, and the reply, No. 150, dated the 5th November 1864, regarding the principle for determining whether the salary of a Medical Officer should be charged to the Civil or the Military Department, and his absence be regulated by the Civil or the Military Leave Rules.

RESOLUTION.

In accordance with the views expressed in the correspondence mentioned above, and in supersession of all previous orders on the subject, the Governor General in Council is pleased to declare that the appointment of a Medical Officer shall in future be regarded as a Military or a Civil charge, according as he may be nominated to it by the Military or the Civil Department; his emoluments being audited and adjusted in the former case, in the Military Department, under Military Rules, and in the latter case, in the Civil Department, under Civil Rules. In cases, however, of the charge for any appointment being transferable, under this order, from the Military to the Civil Department, or *vice versa*, the order shall, as regards such transfer of charge, and Budget provision for it, take effect from the next year, there being no object in giving it earlier effect, so far as audit and accounts are concerned.

Ordered that a copy of the foregoing Resolution be forwarded to the Military Department. It is for that Department to consider, in communication with the local Governments, and dispose of the proposal of the Military Accountant General, that the nomination to certain Medical appointments should be transferred from the Military to the Civil Department.
