DEPARTMENT.

G.O. No.	Press Mis.
Dated	18 .

14-16 2/8

Not to be folded or roughly handled

Proceedings of the Madras Government, Financial Department, 7th August 1866.

Read again Despatch from the Right Honorable the Secretary of State for India, dated 31st May, No. 43 of 1866, and recorded in the Proceedings of Government, 6th July, No. 253.

Read also the following papers :—

No. 14. From the Officiating Principal Inspector General, Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 19th July 1866, No. 262.

Adverting to the Proceedings of Government, Financial Department, of the 6th instant, and the Order thereon, No. 253, of the same date, I have the honor to inform you that Native Surgeon Moodeen Sheriff, under my instructions, applied to have his Table of Medicinal Plants printed at the Government Press. As types in several languages were wanting there, further application was made to the different private Presses.

2. Only Messrs. Gray and Co., of the Mount Road, are willing to undertake the work, but they require to be allowed to supply themselves at Government expense with the type of five languages. They are unable at present to give any estimate of the expense likely to be incurred.

3. Under these circumstances, I think it advisable that the Superintendent of the Government Press should be authorized to procure the types, which are deficient in his establishment, required for the completion of the work, and which are likely to be useful to Government hereafter.

No. 15. MEMORANDUM.

I find that type is required in five languages, to enable us to print Native Surgeon Moodeen Sheriff's Table of Medicinal Plants at the Government Press, viz., Bengali and Burmese from Calcutta, Gujerati and Mahrati from Bombay, and Singhalese from Ceylon.

2. From 150 to 200lbs. of type in each language would be required, and the aggregate cost of procuring it would be from Rupees 700 to Rupees 1000.

(Signed) H. LINTON,
Acting Supervisor Government Press.

Press Office,
26th July 1866.

No. 16. Order thereon, 7th August 1866, No. 289.

Adverting to the expenditure which will be necessary in procuring such types as are not available in Madras, the Governor in Council resolves to request that Mr. Shaw will be good enough to make inquiries regarding the Table in question, and, with reference to Surgeon Waring's letter to the Secretary of State for India, to state his opinion whether it is of sufficient value to justify this outlay in addition to the ordinary cost of publication.

(True Extract).

Chief Secretary.

To the Officiating Principal Inspector General, Medical Department.
