Proceedings of the Madras Government, Public Works Department,
25th October 1866.

No. 607. *Dated 25th October* 1866, No. 3,412.

ACCOUNT, No. 84.

The Government of India having expressed an opinion that, as the maintenance of irrigation works is of the nature of landlord's improvements, the care of those works should be vested in the Civil authorities and the outlay upon them be charged against the revenue derived from them, His Excellency the Governor in Council considers that the repair and improvement of salt pans, which are similarly maintained for the direct purposes of revenue, should not form a Public Works charge but should be provided for in the Budget of ordinary revenue charges. Orders to this effect will accordingly be issued in the Revenue Department.
