Not to be folded or roughly handled

Proceedings of the Madras Government, Financial Department, 15th December 1866.

No. 23. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 5th December 1866, No. 2540.

I have the honor to submit the Educational Budget for the year 1867-68.

2. I beg to remark that, owing to authority not having been given me to insert the extra charges approved in Orders of Government, Nos. 294 and 295, of the 13th and 15th October last, no provision is made for those charges in the present Budget. I trust, however, that Government will be pleased to make provision for such expenditure, as, otherwise, the action of the Educational Department will be seriously impeded.

3. Rupees 1,50,000 is provided for grants-in-aid ; this sum will certainly not exceed our requirements, and may possibly fall short of them. I request that Government will authorize the provision I have made, as, owing to the absence of such authorization last year, the Accountant General struck out a small increase which I had provided.

4. Provision is made for the Professorship of Sanscrit at the Presidency College, sanctioned by the Secretary of State for India, in his Despatch, No. 8, of the 9th July 1866. Provision is also made for the scale of Mofussil Masters, sanctioned by the Secretary of State in the same Despatch.

5. Full salaries for all the Professors at the Medical College are entered in the Budget ; this is in obedience to the Order of the Supreme Government, in Resolution, No. 3661, of the 9th August 1863.

6. An increase over the allowance sanctioned for the current year is made in the item "Purchase of Books." The allowance for 1866-67, as reduced by Government, is Rupees 24,148 ; that proposed for 1867-68 is Rupees 35,000. New editions of works will have to be brought out ; and, as there is to be increased action on village Schools, the editions will have to be larger than has hitherto been the case.

7. I regret that the Budget is so much behind time ; the delay was caused by my hoping that I should be empowered to draw up a Budget providing for the charges approved in the Orders of Government specified in paragraph 2 of this letter.

No. 24. ORDER THEREON, 15th December 1866, No. 472.

With the foregoing letter, the Director of Public Instruction has submitted the Educational Budget for the year 1867-68.

2. The estimated charges of the Department, inclusive of stationery and printing, amount to Rupees 8,17,302, against an actual expenditure of Rupees 6,30,276 in 1865-66 and an estimated expenditure for the current year of Rupees 6,64,944. The latter sum, however, is considerably below the amount of the estimate originally submitted by the Director of Public Instruction for 1866-67, and may possibly fall short of the actual requirements of the year. The operations of the Department are steadily and, in some respects, rapidly developing, and the increase in the estimate for the ensuing year, amounting to Rupees 1,52,358, is not more than will probably be requisite to provide adequately for the expansion of the grant-in-aid system and of the rest of the Educational machinery which is connected directly or indirectly with the Department of Public Instruction. The estimate is, therefore, passed.

3. It is observed that a portion of the increase of charge is attributable to the increase to the Establishment of Masters of Government Schools in the Mofussil, and to the creation of a Professorship of Sanscrit in the Presidency College, recently sanctioned by the Secretary of State.

4. The Governor in Council does not deem it necessary to order any addition to the Budget for the purpose of providing for the charges approved of in the Proceedings of Government, of the 13th and 15th October last, Nos. 294 and 295. The aggregate amount of these charges, which have not yet received the sanction of the Supreme Government, is Rupees 34,908 per annum, to meet which, in the event of their being sanctioned, the sum of Rupees 9500 will probably be available from the salaries of five of the Professors of the Medical College, which are entered in full in the Budget, while, for the remainder, the whole of which is not likely to be expended, there will probably be savings under other heads of the Budget.

(True Extract).

Chief Secretary.

To the Director of Public Instruction.
,, Accountant General, with the Budget Estimate.

Exd, J. H. Burns.

No 2540. 365

From

E. B. Powell Esq

Director of Public Instruction

Madras.

To The Chief Secretary

to Government

Fort St. George

Sir,

I have the honor to submit the Educational Budget for the year 1867/68.

2. I beg to remark that, owing to authority not having been given me to insert the extra charges approved in Orders of Government No 294 and 295 of the 13th and 15th October last, no provision is made for those charges in the present Budget. I trust however that Government will be pleased to make provision for such expenditure, as otherwise the action of the Educational Department will be seriously impeded.

3. Rupees 1.50.000 is provided for grants in aid; this sum will certainly not exceed our requirements, and may possibly fall short of them. I request that Government will authorize the provision

2

I have made, as owing to the absence of such authorization last year, the Account-ant General struck out a small increase which I had provided.

4 Provision is made for the Professorship of Sanscrit at the Presidency College, sanctioned by the Secretary of State for India in his Despatch No 8 of the 9th July 1866. Provision is also made for the Teachers of Mofussil Masters sanctioned by the Secretary of State in the same Despatch.

5. Full Salaries for all the Professors at the Medical College are entered in the Budget; this is in obedience to the Order of the Supreme Government in Resolution No 3662 of the 9th August 1863.

6. An increase over the allowance sanctioned for the current year is made in the item "Purchase of Books." The allowance for 1866/67 as reduced by Government is Rs 24.148; that proposed for 1867/68 is Rs 35,000. New editions of works will have to be brought

brought out; and, as there is to be increased action on village schools, the editions will prove to be larger than has hitherto been the case.

7. I regret that the Budget is so much behind time; the delay was caused by my hoping that I should be empowered to draw up a Budget providing for the charges approved in the orders of Government specified in para 2 of this letter.

I have the honor to be,

Sir,

Your most Obedient Servant

W Kelly

Director of Public Instruction

Office of the Director of Public Instruction
Madras 5th December 1866

Financial Department. 29

PROCEEDINGS of the MADRAS GOVERNMENT.

Read letter from the Director of Public Instruction.

D/5 Decr 1866 No 2540.

Order thereon. 15 Decr 1866 No 472.

With the foregoing letter the Director of Public Instruction has submitted the Educational Budget for the year 1867/68.

2. The Estimated charges of the Department inclusive of Stationery and printing amount to Rs 817,302 against an actual Expenditure of Rs 630,276 in 1865/66 and an Estimated expenditure for the current year of Rs 664,944.

The

Financial Department
to
The Director of Public Instruction
No. 472
dated 15 December 1866
Rect 17 —
No 2540
Encl: 1
Ans. 1867.

Submitting
Educational Budget
for the year 1867/68
with Accounts.

The latter sum however is considerably below the amount of the estimate originally submitted by the Director of Public Instruction for 1866/67 and may possibly fall short of the actual requirements of the year.

The operations of the Department are steadily and in some respects rapidly developing and the increase in the Estimate for the ensuing year amounting to Rs. 152,358 is not more than will probably be requisite to provide adequately for the expansion of the Grant in-aid system and of the rest of the Educational

machinery which is connected directly or indirectly with the Department of Public Instruction. The Estimate is therefore based.

It is observed that a portion of the increase of charge is attributable to the increase of Masters of Govt. Schools in the Mofussil and to the creation of a Professorship of Sanscrit in the Presidency College recently sanctioned by the Secretary of State.

The Governor in Council does not ~~however~~ deem it necessary to order any addition to the Budget for the purpose of providing

providing for the charges approved of in the Proc: of Govt. of the 13 & 15 October last Nos 294 & 295. The aggregate amount of these charges which have not yet received the sanction of the Supreme Govt, is Rs 34,908 per annum to meet which, in the event of their being sanctioned, the sum of Rs 9500 will probably be available from the salaries of five of the Professors of the Medical College which are entered in full in the Budget, while for the remainder the whole of which is not likely to be expended, there will probably

probably be savings under other heads of the Budget.
