I have the honor to request that you will be so good as to submit, through the Government of Fort Saint George, to the Government of India this my application for six months' leave to England on urgent private affairs.

2. Letters received by to-day's Mail render my presence there indispensable, in connection with the arrangement of family matters, which I have personally explained to Government this forenoon.

From the Under Secretary of State for India, to T. TREVOR, Esq., Assistant Commissioner of Paper Currency, Madras ; dated India Office, S. W., 15th September 1865.

I am directed by the Secretary of State for India in Council to inform you, that Sir Charles Wood has appointed you to the Financial Department in India on the following terms :—

You will receive a salary equal to that of the 5th Class of the Financial Department, viz., Rupees 400 a month, with an increase of Rupees 50 a month, after each year's service in India, to Rupees 600 a month, and you will be eligible for promotion to the higher classes.

2. The Government of India will determine the particular position and appointment to be assigned to you.

3. Your salary will commence from the day of your leaving England ; and you will be granted an allowance of £100 for passage money, and a moderate advance of pay, if required ; the advance to be recovered from your pay in India.

4. You will also be permitted, at any time within two years from the date of your appointment, to exercise the option of reckoning towards Indian pension or gratuity under the Uncovenanted Service Rules, one year for every two years of service in England, or of receiving, in the event of your health disqualifying you for further service in India, before you are entitled to a pension from Indian revenues, an allowance equal to that which you would now receive in England under the Superannuation Act, if obliged to retire from ill-health, together with a gratuity under the Uncovenanted Service Rules, calculated according to the time which you may have passed in India.

5. I am at the same time directed to acquaint you, with reference to your letter of the 11th instant, that Sir Charles Wood cannot grant you any higher rate of salary to commence with. It will be desirable that you should proceed to India at as early a date as may be practicable, and I am desired to request that in acknowledging this letter, you will state at what time you will be prepared to embark.

Submitted to Government with my recommendation that the leave be granted. I do not require any one to be appointed to act for Mr. Trevor.
