5 0 0			To be met from savings under Grant "21, Education, Science, and Art."	The salary of the Herbarium keeper, who has received special training for the office, has been 25 Rupees per mensem for the last ten years. The Conserva- tor of Forests, from whose Department he was lately transferred with the Herbarium to the Museum, considers that the work would be cheaply perform- ed at 30 Rupees, and the Superinten- dent of the Museum concurred with him, the increase of 5 Rupees per mensem has therefore been sanctioned.

				*Also 10 per cent. on the net profits of Jail manufactures.	The Penitentiary is the general depôt for all prisoners arriving in Madras by sea or land, and the incessant admissions and discharges, owing to the large proportion of short-sentenced prisoners, have im- posed on the Jail servants heavy work and responsibility, and necessitated the increase to their pay and allowances. Sanction was accorded for horse allowance for the Keeper of the Civil Jail, whose work compelled him to keep a carriage, and a Writer was appointed for the efficient performance of the clerical duties of the Jail. The pay of the Toties and Sweep- ers was likewise increased, in view to carrying out an effective system of dry earth conservancy in this Jail.

							4. These arrangements were necessary for the more efficient discharge of the work in the High Court, and were sanctioned accordingly.
							These arrangements cause a saving of Rupees 629 per mensem, or Rupees 7548 per annum, part of which, however, will go to meet the fees for the Auditors of the accounts of the Official Assignee and Official Trustee. The charge on this account has been rendered necessary by the abolition of the appointment of Commissioner and Taxing Officer.
							Government in their Proceedings, dated 29th May 1867, No. 877, Judicial Department, state that the decrease is Rupees 656 per mensem; in doing so, they have overlooked the employment of the Writer and Peon under the Judge's Clerk, whose aggregate salaries amount to Rupees 27 per mensem, or Rupees 324 per annum. The decrease shewn here, therefore, is the amount specified by Government <i>minus</i> that sum.

13 0 0				It was represented that the number of inferior servants on the Church establishment at Secunderabad, consisting only of a Sexton and three Lascars, was insufficient for the proper protection of the Church and the three Cemeteries at the station, and as frequent depredations had been committed in the Cantonment Burial Ground, the extra servants here entered were sanctioned; also, the employment of a Chowkedar required to watch the Church Burial Ground at Bolarum and of a gardener to take care of the latter. It is requested that the additional cost on the above account may be sanctioned by the Government of India, as a permanent charge. 2. No allowance for lighting this Church appears to have been sanctioned, and as the expenses on this account had been borne by the Lay Trustee, authority was granted, on the recommendation of the Archdeacon, for the payment of an annual sum of Rupees 30 for this purpose.
