3	8	0	.....	.....	...	...	To be met from savings under Grant "5, Land Revenue." The additional establishment for Ganjam is required only for eight months in the year.	1.—Required for the conservancy of the Boary Reservoir. One Lascar was already employed there, but an extra man was needed to watch the Banks at night; the place being much infested with wild beasts, and a single man being afraid to remain there alone. The Reservoir contains a vast body of water, which is of great value to the neighbourhood; and, in last year, it was in great danger, two slips having occurred in the embankment during the night.
4	0	0	.....	.....	...	...		2.—This Cavilgar is to be attached to the Peranay Anicut. The Cavilgar already employed there proves quite unable, single-handed, to work the Sluice Shutters, and to superintend the conservancy of the Anicut and main channel, especially during heavy floods.
12	0	0	.....	.....	...	...	To be met from savings under Grant "6, Forest."	3.—Will be reported separately to the Public Works Department of the Government of India.

47	0	0	.....				Do. do. ...	2. This Establishment was sanctioned, it having been decided to use the old Jail at Chicacole as an Auxiliary Jail for the confinement of short-sentenced prisoners in the neighbouring Taluqs.
4	0	0	.....				Do. do. ..	3. The employment of a Sweeper was found necessary for the Subsidiary Jail at Trichinopoly.
1	0	0	.....				To be met from savings under Grant "19 Police."	4. As the former Station-house was exceedingly incommodious, it was found necessary, under the new system, of working the Police Force, to secure a better building which could not be obtained at the same rent. There has been a monthly saving, however, of Rupees 29-12-0 from the abolition of several hired Tannahs.

The Native community of Mayaveram and Sheally having recently contributed a sum of Rupees 20,000 towards the support of the Civil Dispensary at Tranquebar, an institution too remote to admit of their participating in its benefits, a promise was held out to them by the Acting Head Assistant Collector, that the aid of Government would be sought for the establishment of a minor Dispensary at each of the two places. In order that this scheme might be carried out, sanction was granted for the appointment of a 3rd Class Hospital Assistant for Mayaveram, and a Dresser for Sheally.

									1. These charges formerly passed by the Military Department are now made payable in the Civil Department from savings in the estimate of the Civil Engineering College.
49	3	10	.....	...	...	...		This is not a new charge, having been hitherto defrayed by the Military Department which has now taken objection to it. It can be met from savings under Grant " 21, Education, Science, and Art."

The Director has failed to secure an efficient Deputy Inspector of Schools for Cuddapah for less than 100 Rupees per mensem ; hence the increase here shown. Savings upon the other Deputy Inspectorships will more than cover the charge.

The charge on this account, although payable by the Berars, has been provided for in this Return, in consequence of the establishment being under the check and control of the Madras Government.	The District of Berar, which for Ecclesiastical purposes is broken up into four separate stations at a considerable distance from each other, having been recently constituted a Chaplaincy, the establishment here entered was found to be necessary.

There being much difficulty in obtaining good men to serve as Light-keepers at a place so isolated and feverish as Hope Island, these small increases to their salaries were accordingly sanctioned, as also to those of the other subordinates of the Master Attendant's establishment, their original pay offering no inducement for them to remain in the Department.
