Proceedings of the Madras Government, Financial Department, 5th November 1867.

No. 21. Read the following letter from the Mint Master, Madras, to the Chief Secretary to Government, Fort Saint George ; dated 24th October 1867, No. 339.

I have the honor to submit an estimate, amounting to Rupees 51, for replacing broken panes of glass throughout the Mint buildings ; also an estimate, amounting to Rupees 250, for removing the rear half of the roof of the Mint Stables and thoroughly repairing the same, it being now in a dangerous condition, chiefly owing of its having originally been constructed with too slight a slope, and which I propose to correct as shown in the enclosed drawing.

2. The front half of the roof was re-constructed in April 1864, and does not require repair. Funds for both these repair estimates will be available from the sum of Rupees 5200, sanctioned in Order as per margin, for erecting a Coal Shed and compound wall, as I was able to make a good deal of establishment servant's labor available on this work when coinage was slack.

5th April 1866, No. 129.

No. 22. ORDER THEREON, 5th November 1867, No. 496.

The Governor in Council sanctions the estimated outlay of Rupees (51) fifty-one for replacing broken panes of glass in the Mint buildings, and of Rupees (250) two hundred and fifty for removing the rear half of the roof of the Mint Stables and repairing the same.

2. The charges will be met from the amount* sanctioned for erecting a Coal Shed and compound wall.

* Rupees 5200.
