No. 5. Read the following letter from the Mint Master, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 22nd November 1867, No. 394.

I have the honor to report that the coal-shed, the construction of which was sanctioned in Order of Government as per margin, is sufficiently near completion to admit of the reduction which was contemplated in the bullock establishment being effected.

No. 129, dated 5th April 1866.

2. The establishment at present consists of a Superintendent, six drivers, and five pairs of bullocks, of which I purpose retaining only two pairs of bullocks and their drivers—one pair for the use of the Stamp Paper Department, and the other for conveying silver to and from the Bank.

3. Three surplus pairs of bullocks I purpose sending to the Commissariat Department to be sold ; they are very old and almost worn out.

4. Four drivers must be discharged, viz.—

to whom I solicit sanction for the disbursement of the usual gratuity.

5. In regard to the Superintendent of Bullocks, G. Annamalay Chetty, it will be unnecessary to keep up the situation permanently, but the man has been 17 years and 8 months on the Mint Establishment, and four years on the Contingent list ; and I would, therefore, request to be allowed to retain him in his present situation, until I can provide otherwise for him by a suitable vacancy occurring in the grade of Conicopoly, or a similar position.

No. 6. ORDER THEREON, 4th December 1867, No. 531.

The Mint Master is requested to submit, in the usual form, an application for gratuities to the four bullock drivers whose services are no longer required.

2. Unless the Superintendent of Bullocks can be at once provided with other employment, an application on his behalf for pension or gratuity, under the rules, should be submitted, as sanction cannot be given for the salary of a Superintendent when there are only two pairs of bullocks required at the Mint
