roceedings of the Madras Government, Public Works Department,
25*th March* 1868.

565. Read the following letter from the Secretary to the Government of India, Public Works Department, (Account—Railway,) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 7th March 1868, No. 90 A—R :—

With reference to this Department's Resolution No. 201, of 18th February 1868, I am directed to point out that probably the Indian Tramway Company will be required in terms of their contract to pay over their gross receipts into the Government Treasury, and also to furnish, as soon as possible, an estimate of the probable receipts and working expenses of the line for the last three months of the present and the whole of the ensuing year. As yet, however, no copy of the Contract with the Company entered into by the Secretary of State has been received. His Excellency the Governor General in Council is, therefore, unable to be certain on these points, and will be obliged by the Government of Madras reporting on them at an early date.

No. 566. ORDER THEREON, 25th March 1868, No. 969.

RAILWAY, No. 46.

1. Communicated to the Consulting Engineer for Railways in continuation of G. O. No. 588, of the 21st February 1868.

2. As by the guarantee of a dividend of 3 per cent. upon the paid up capital of the Indian Tramway Company, that Company is placed on a footing somewhat similar to the Guaranteed Railways in this Presidency, the Government are of opinion that the procedure pointed to by the Government of India may well be adopted, and they accordingly request the Consulting Engineer to place himself in communication with the Company's Agents at Madras, with a view to their taking measures for paying over their gross receipts into the Government Treasury, and furnishing the required estimates of the probable receipts and working expenses of the line for the last three months of the present and the whole of the ensuing year.
