Proceedings of the Madras Government, Financial Department, 10*th July* 1868.

No. 25. Read the following letter from the Accountant General, Madras, to the Chief Secretary to Government, Fort Saint George ; dated Fort Saint George, 26th June 1868, No. 88.

Budget and Resource Department.

The Secretary and Treasurer of the Bank of Madras having requested me to make arrangements for the payment to the Branch Bank at Negapatam of the revenue collections of the four Taluqs noted in the margin, all of which it was stated were nearer to Negapatam than to the Huzoor Treasury at Tanjore, I referred his letter to the Collector of that District for his opinion, who informed me that he sees no objection to the proposed arrangement, provided the Government has not ultimately to bear the cost of conveying the revenue collections of those Taluqs from Negapatam to Tanjore with a view to their final remittance to Madras.

2. On receiving the Collector's reply, I requested the Secretary of the Bank to state whether, in the event of his request being complied with, he would be prepared to remit the surplus revenue of the District by transfer to Madras free of all charge, and in such sums as I might from time to time require—on the same terms, in fact, as the Bank now transfers to Madras the surplus revenues of the Godavery, Malabar, and Bellary Districts—to which he replied in the affirmative. As this arrangement will save the Government the heavy cost which it has now to incur in conveying the surplus revenues to Madras, and will, at the same time, assist the financial operations of the Branch Bank, I have the honor to recommend it for the sanction of Government.

3. The revenue collections of the four Taluqs in question, it appears, amount to about 22 lakhs annually, leaving about 27 lakhs for remittance from the other Taluqs to the Huzoor, and which the Collector states will be more than sufficient for his wants by about six lakhs.

No. 26. ORDER THEREON, 10th July 1868, No. 322.

The Governor in Council approves and sanctions the arrangement referred to in the foregoing letter.

On receiving the Collectors reply, I requested the Secretary of the Bank to state whether in the event of his request being complied with, he would be prepared to remit the surplus revenue of the District by transfer to Madras, free of all charge, and in such sums as I might from time to time require on the same terms in fact as the Bank now transfers to Madras the surplus revenues of the Godavery

The revenue collections of the 4 talugs in question, it appears amount to about 22 lacs annually, leaving about 27 lacs for remittance from the other talugs to the Bazar, and which the Collector states will be more than sufficient for his wants by about five lacs.
