Proceedings of the Madras Government, Financial Department,
3rd September 1868.

No. 9. Read the following letter from the Secretary to the Government of India, Financial Department, to the Chief Secretary to Government, Fort Saint George ; dated Simla, 10th August 1868, No. 1583 (Circular).

Expenditure—Public Works.

With reference to Financial Circular, No. 1798, dated 31st March 1868, ruling that no charge for petty construction or repairs that appertains to a building which comes within the category of Public Works, as defined in the Public Works Code, Chapter X, Section 1, Arts. 13 and 14, should be admitted in the Civil Department, however small may be its amount, the Governor General in Council observes that, as the Public Works Code lays down specifically that all petty repairs of doors and windows, including the replacement of broken glass in the case of any Government building occupied by Civil Officers, whether borne on the Public Works books or not, should be provided for by Civil Officers, the orders contained in the Financial Circular above referred to had no reference to them, but only to cases where Civil Officers incur, as is often the case, expenditure on repairs to buildings borne on the rolls of the Public Works Department, and the charges on account of which are not of the description specified in paragraphs 5 to 7, Section 1, Chapter X, of Public Works Code.
