In the statement forwarded with the letter from the Financial Department of the 28th February 1868, No. 115, of fresh Charges, &c., appertaining to the Public Department, it was reported that the Government had sanctioned the disbursement to Assistant Surgeon Bidie of the monthly salary of Rupees 175, which he had been receiving as Acting Secretary to the Medical Fund, but which he had to forego by his appointment in connexion with the inquiry into the ravages of the "Borer" insect in the coffee plantations of Coorg and Mysore. That sanction was subsequently confirmed by the Government of India.<br>It appears that the Trustees of the Fund were then under the impression that they could nominate a *locum tenens* to officiate while Dr. Bidie was away, and that he might resume the appointment on coming back; but soon after it was discovered that this arrangement was not in accordance with the Fund laws, and the service had to nominate another officer, who will of course hold the post until the return, in the beginning of December next, of the permanent incumbent. Under the special circumstances of the case, this Government has sanctioned the continuance to Dr. Bidie of the allowance in question, until the return from England of the Secretary to the Fund. |
