Proceedings of the Madras Government, Financial Department,
7th February 1868.

No. 9. Read the following letter from the Mint Master, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 28th January 1868, No. 484.

I have the honor to forward, for the sanction of Government, an estimate, prepared at the request of the Acting Assay Master, for repairs to the premises occupied by his Department. One item of Rupees 120 is for ordinary repairs to the Deputy Assay Master's Office and a departmental godown ; the other, for Rupees 600, is for pulling down and rebuilding the Distillery preparatory to the introduction of the new method of assaying. The existing roof is rotten and falling in, and the walls are so much thrown out of the perpendicular by the failing roof that it would not be safe to put a new roof on them. There is yet a sum of about Rupees 500 available out of the sum sanctioned as per margin for building a coal shed, so that sanction to the estimate now submitted will only involve a grant of Rupees 220.

No. 129, 5th April 1866, for Rupees 5200.

No. 10. ORDER THEREON, 7th February 1868, No. 60.

The Governor in Council sanctions the estimated outlay of Rupees (720) seven hundred and twenty for repairing the Deputy Assay Master's Office, and for rebuilding the Distillery of the Assay Office.

2. It is observed from the foregoing letter from the Mint Master that a sum of Rupees 500 is available from the amount (Rupees 5200) sanctioned in G. O., dated the 5th April 1866, No. 129, and that the additional grant now required is Rupees 220.
