Proceedings of the Madras Government, Financial Department,
17th November 1869.

No. 49. Read the following letter from the Under Secretary to the Government of India, Financial Department, to the Accountant-General, Bombay, dated Simla, 28th October 1869, No. 4354.

In reply to your letter, No. 2559, dated 25th September 1869, I am directed to state that the portion of the Order, dated 17th idem, which prohibits the transmission of whole notes to outlying Treasuries from the station of the Office of Issue, was designed to prevent a disproportionate expense for guards for small remittances. Notes should be sent whole, as heretofore, when they merely form part of a remittance which otherwise would have to be sent in silver under an escort, or when Treasuries on or near a line of Railway require a supply which can be sent in whole notes without risk and at little expense.

2. When worn notes are sent from outlying Treasuries to the station of the Office of Issue, they should be cut in halves for transmission by post.

Copy to the local Governments and Administrations, the Head Commissioner of Paper Currency, the Comptroller-General of Accounts, and the other Provincial Accountants-General.

(Signed) G. H. M. BATTEN,
Under Secy. to the Govt., of India.
