Proceedings of the Madras Government, Financial Department, 2nd December 1869.

Read the following papers :—

No. 1. From the Director of Public Instruction, to the Acting Secretary to Government, Fort Saint George, dated Madras, 8th October 1869, No. 2397.

I have the honour to submit the Budget Estimate of the Educational Department for the year 1870-71, and I earnestly beg that the Madras Government will be pleased to instruct the Accountant-General to accept my figures in cases where increases have been approved by them, but are still awaiting the confirmation of the Government of India. It is scarcely necessary for me to remark that, in every instance, the increase proposed is absolutely requisite to secure efficient work.

2. I proceed to notice the several items to which I refer.

3. Provision is made for ten additional Inspecting Schoolmasters. This step is in accordance with the sanction given in Order of local Government, No. 282, of the 25th August last. At present I consider myself precluded from entertaining any extra men, as the Acting Accountant-General has pointed out that all savings which may be anticipated on other heads are in effect absolved in the deficit which attaches to the provision for grants-in-aid.

4. In G. O., No. 120, of the 13th April last, sanction was given to a revised scale of salaries proposed for the Superintendent and the Masters of the Ganjam Hill Schools. In the present Budget the necessary funds are provided.

A separate and increased provision is entered for the Provincial College, Combaconum, a reduction being at the same time made in the estimate for Mofussil Schools, corresponding to the salaries hitherto attached to the College and provided for in that estimate. In my letter, No. 1758, of the 23rd July last, I dwelt upon the very striking success of the institution, and pointed out the imperative necessity of increasing the stipends of the teachers if a continuance of such successful working is to be secured. In their Order, No. 286, of the 25th August last, Government were pleased to approve of the proposals made by me.

5. Looking at the very considerable progress of private education, in regard to both quantity and quality, under the stimulus of the grant-in-aid system, it appears to me that the provision made for grants other than those for buildings, viz., Rupees 3,10,000, is if anything too small. It is to be remembered that in 1868-69 the sum expended in grants of the nature specified exceeded Rupees 2,40,000. As in my letter, No. 2339, of the 30th ultimo, I have most strongly urged the necessity of complying with legitimate claims for grants after the public have been led to anticipate the receipt of aid, it does not seem requisite for me to dwell further on the subject in this communication.

6. Government are aware that there has been for a considerable period a stoppage of the payment of building grants, and that consequently claims, several of them sanctioned ones, have accumulated. Unfortunately, too, the provision of Rupees 30,000, which I made in the Budget for the current year, was cut down to Rupees 10,000, and I apprehend that the public will lose confidence in the promises of Government, if their sanctioned claims are not met very speedily. I have entered the sum of Rupees 50,000 for building grants in next year's Budget ; but, in adopting these figures, I have indulged in the expectation that the Government of India will, upon a re-consideration of the matter, allow the full sum of Rupees 30,000 for the current year.

7. When drawing up my Budget for 1869-70, I did not insert any provision for the proposed Female Normal School. In the present estimate, I have entered Rupees 12,000 for the purpose, without attempting to distribute the amount under different heads of charge. Looking at the high probability—I might say certainty—that allotments now made will have to be modified when the school has been established and worked for a little time, it appeared to me unnecessary to do more than enter the lump sum sanctioned by the Government of India.

8. It is not requisite for me, I imagine, to notice in detail the small increases provided in connexion with the Book Department and other heads of charge.

OFFICIAL MEMORANDUM.

The undersigned has the honour to forward to the Chief Secretary to Government a revised Budget Estimate of the Educational Department for 1870-71, containing the alterations specified in Mr. Dalyell's Memorandum of October, No. 450.

MADRAS,
4th November 1869. (Signed) E. B. POWELL,
Director of Public Instruction.

To the Chief Secretary to Government, Fort Saint George

No. 3. ORDER THEREON, 2nd December 1869, No. 584.

The Director of Public Instruction submits, with the second of the letters above recorded, a revised Budget Estimate for his Department, for the year 1870-71, amounting to Rupees 10,69,712. This amount includes a sum of Rupees 36,019 for the Madras University, which will be separately noticed.

2. The estimate, less the assignment for the Madras University, amounts to Rupees 10,33,693. It exceeds the probable average of the actuals for the three years 1867-68 to 1869-70 by Rupees 2,28,064, and the probable expenditure in 1869-70 by Rupees 1,03,198. Five out of the nine charges specified below exceed those incurred in previous years, arising chiefly from the expansion of the Educational Department, and the extended operations of the Grants-in-aid system:—

Average, Rupees 8,05,629-4-11.

3. The fees for the Presidency College are estimated at Rupees 6500, from schools of the higher class at Rupees 60,000, and from the Normal Schools at Rupees 6500, amounting together to Rupees 73,000.

4. The travelling allowance on account of Inspectors of Schools has been estimated at Rupees 28,000, or Rupees 3000 in excess of the current year's grant. The actuals for 1868-69 not having exceeded Rupees 26,422, the estimate for 1870-71 will be fixed at Rupees 26,500.

5. In that portion of the estimate which relates to the Medical College, the provision* under the head of "Stipends" for apprentices and native medical pupils is in excess of the actuals† for 1868-69 by Rupees 4592, owing to provision having been made in the estimate for "Ration money," "House-rent," and "Hutting money;" but as no provision has been made for "Compensation for bedding and clothing," "Travelling allowance," and "Barrack furniture," the Accountant-General will be requested to add to the estimate such sum as he may consider necessary.

* Rupees 53,616.
† Rupees 49,024.

6. The large allowance of Rupees 2400 for "Translators for the Educational Department" seems unnecessary, inasmuch as only Rupees 70 was spent on that account in 1867-68, and from the returns furnished by the Accountant-General, it does not appear that any expenditure was incurred in 1868-69, nor in the first four months of 1869-70. This item will be removed from the estimate.

7. In the estimate of Rupees 36,019 for the Madras University have been included certain small additions to the actuals for 1868-69, with a view of meeting the charges consequent on the increasing number of examinees. The estimate, therefore, exceeds the actuals‡ for 1867-68 and 1868-69. It is observed that the receipts from fees for 1870-71 are estimated by the Syndicate at Rupees 18,990, and the sale proceeds of the University Calendar at Rupees 100. The estimate of the Syndicate, however, appears too low as the receipts from fees in 1868-69 were Rupees 21,199, and it is stated that the fees are increasing. The estimate may be fixed at Rupees 22,000. The institution is to a considerable extent self-supporting.

Rupees 23,581-15-7.
‡ Rupees 31,929-15-1.

8. The new charge for the graduate scholarships in the Madras University, amounting to Rupees 2520, has not yet been sanctioned by the Government of India, and must accordingly be struck out. That Government will, however, be requested to include it should their final decision on the subject permit of the scholarships being continued. The remainder of the increase in the provision for scholarship prizes is caused by the extension of the University course from three years to four, and may stand, these Scholarships being included in a general sanction. The provision under the head of scholarship competed for by all schools is, therefore, to be reduced from Rupees 12,000 to Rupees 9480.

9. The above reductions bring down the estimate (excluding the Madras University) from Rupees 10,33,693 to 10,27,273.

Revising the Revised Budget Estimate of the Educational Dept. for 1870-71.

Madras University amounts to Rs 10,33,693. It exceeds the notable average of the actuals 1867-8 to 1869-70 for the three years by Rs 2,28,064 and the probable expenditure in 1869/70 by Rs 1,03,198 ÷ Five out of the nine charges specified in the margin below exceed those incurred in previous years, arising chiefly from the expansion of the Educational Dept and the extended operations of the Grants-in-aid system.

The travelling allowances on account of Inspectors of Schools has been estimated at Rs 28,000 or Rs 3,000 in excess of the current year's grant. The actuals for 1868/69 having exceeded Rs 26,422 the estimate for 1870/71 will be fixed at Rs 26,500

Furniture" the Accountant General will be requested to add to the Estimate such sum as he may consider necessary.-

6- The large allowance of Rs 2,00 for "Translations for the Educational Dept" seems unnecessary, inasmuch as only Rs 70 was spent on that account in 1867-68, and from the returns furnished by the Accountant General, it does not appear that any expenditure was incurred in 1868/69, nor in the first four months of 1869-70. Rs 31,929-15-1.

The estimate therefore exceeds the actuals for 1867/68 and 1868/69. It is observed that the receipts from fees for 1870-71 are estimated by the Syndicate at Rs 18,990 and the sale proceeds of the University Calendar at Rs 180. ~~It is stated that the fee receipts are increasing, and that the Institution is therefore to be expected to be~~ to a considerable extent self-supporting.-

8- The Accountant General will be authorized to admit the charge for the three Graduate Scholarships in the Director's Estimate, the Govt of India having been requested, in reply to their observations in the Financial Department dated the 14th Ultimo &c

The estimate of the Syndicate, however, appears too low as the receipts from fees in 1868-9 were Rs 21,199, and it is stated that the fees are increasing. The Estimate may be passed at Rs 20000.

I would not admit this charge as part of the Contingencies of the College but would make a note of the Director's request in the letter sanctioning the Budget, stating that the matter will be considered in framing the next Budget. In this case no further sanction will be necessary to the charge as entered in the Budget.
