Proceedings of the Madras Government, Financial Department, 3rd December 1869.

Read again Proceedings of Government, dated 4th November 1869, No. 528.

No. 6. Read also the following letter from Colonel J. CARPENDALE, Royal Engineers, to the Chief Secretary to Government, Fort Saint George, dated Madras, 18th November 1869.

In acknowleging the Order of Government, No. 528, of the 4th instant, which only reached me on the 16th at Cuddapah, I have the honour to report that I believe the establishment which I recommended for the Bullion Depôt to be in all respects suitable under ordinary circumstances, but since the Mint was closed there has been, and probably will be for some months to come, much more than ordinary work to be performed in connexion with the disposal of stores and the preparation of pension and gratuity rolls, and it would, in my opinion, have been advantageous to the State to have retained the Superintendent of Machinery who was also Foreman and General Superintendent, and the Store Conicopoly, until the large and valuable stock of coinage copper, amounting to about eleven lacs of Rupees, had been disposed of by transfer to the Calcutta Mint and to the Arsenal, Fort Saint George.

2. The two hundred new die-plates required for the Stamp Paper Department is a heavy piece of work, and the additional hands asked for by the Acting Assay Master for that purpose is a very reasonable demand, and will, I fear, be unable to complete the work in the short space of two or three months named by the Assay Master, and I do not think the work could be done elsewhere in Madras more economically, or more satisfactorily at the Chepauk Workshops than at the Mint by the men who have for a considerable time been employed on the same kind of work.

No 7. ORDER THEREON, 3rd December 1869, No. 587.

Under the circumstances stated by Colonel Carpendale in paragraph 2 of the foregoing letter, His Excellency the Governor in Council resolves to sanction the temporary establishment employed on the 1st October last, at a cost of Rupees 115 per mensem, for a period of three months by which time the Acting Assay Master should endeavour to have the 200 new die-plates completed for the Stamp Paper Department.

2. His Excellency in Council is not prepared to authorize any addition being made to the staff of the Bullion Depôt.
