No. 31. Read the following letter from the Accountant-General, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 6th May 1870, No. 37 :—

Resource Department.]

With reference to the Order of Government, No. 515, dated 10th October 1864, I have the honour to forward a statement showing the amount of small silver and copper coins supplied to the local treasuries in the Madras Presidency from the Bank of Madras, and other treasuries during 1869-70, and the balance which remained in the Bank of Madras at the close of the year.

2. It will be observed that many of the districts have not been supplied with copper coins, in consequence of the unrestricted receipt of these coins as prescribed in the Notification of the Government of India, published in the *Calcutta Gazette* of the 5th June 1869, page 12, Part I., having rendered a further supply unnecessary. The general effect of the above notification, I may observe, has been to increase the balance of copper held by the several District Treasuries from Rupees 3,14,790 on the 31st March 1869, to Rupees 5,01,857 on the 31st March 1870.

3. The one lac of rupees worth of small silver coins supplied to Travancore Government, under Government Order, No. 109, dated the 3rd March 1870, has not been included in the accompanying statement. The balance of one-fourth and one-eighth rupee pieces being much reduced in the Bank of Madras, the Comptroller-General of Accounts, Calcutta, has been requested to supply one-and-a-half lac of rupees worth of each of those coins at an early date.

STATEMENT of small Silver and Copper Coins supplied to the under-mentioned Treasuries during the year 1869-70, and the Balance of small Silver and Copper Coins in the Bank of Madras on the 31st March 1870.
