9. For "Madras" the budget estimate submitted by the Government of Madras, exclusive of the Madras University, Institutions of Science and Art, and items outside the Director General's budget estimate, amounted to Rs. 10,27,273; and it has been determined, for the present, not to press for any reductions beyond 9½ lakhs of grant; this would give a retrenchment of Rs. 77,273 on the whole budget estimate. The estimate is further reduced by Rs. 2,24,460 on account of transfers, and raised by Rs. 1,167 on account of official postage, making the sanctioned grant Rs. 9,00,524, as shown below :—

10. Under "Bombay" the estimate has been reduced by Rs. 71,400 on account of transfers, and raised by Rs. 969 on account of official postage. Of Rs. 66,600 estimated for the Bombay University so much as Rs. 50,000 is for fees to Examiners, against an actual expenditure of Rs. 11,510 in ten months of 1869-70, and a regular estimate for that year of Rs. 20,510. Miscellaneous charges too are raised from Rs. 2,000 in the regular estimate to Rs. 9,000 for 1870-71. Adverting to the balance at credit of the fee fund, and to the increase in estimate, Rs. 15,000 are retrenched.

11. For Book Depôts in Bombay a sum of Rs. 1,73,480 has been estimated against smaller previous figures, as shown in the margin. A proposition has been received for excluding the assignments for the purchase of books from the Education Grant, and paying them from the proceeds of the sale of books, plus a permanent advance as a working cash balance. The proposition shows that, in the opinion of the local Government, there should be some correspondence between the receipts and the sales; and accordingly the estimate of Rs. 1,20,000 for the purchase and publication of books, against Rs. 1,00,000 of receipts from their sale, is retrenched by Rs. 10,000.
