No. 40. Read the following letter from the Assistant Secretary to the Government of India, Financial Department, to the Chief Secretary to Government, Fort Saint George, dated Simla, 31st August 1870, No. 3154:—

In reply to your letter, No. 314, dated 22nd July 1870, I am directed to state that, in supersession of the orders of this Department, No. 1476, dated 21st July 1866, the Governor-General in Council is pleased to rule that, in the case of the absence of any Uncovenanted Officer on leave without pay, under the operation of Financial Resolution, No. 542, dated 4th June 1864, during the five years preceding his retirement from the service, credit shall be given in the calculation of the usual average salary for pension of the pay of the appointment held by him during his term of absence, *i. e.*, his pension shall, as in the case of absentees on reduced pay, be computed upon the pay of the substantive appointments held by him during the last five years of his service.

2. In case an officer may have been for a time without a substantive appointment during the last five years of his service, then the substantive appointment which he held for an equal term last preceding the commencement of the closing five years of his service must be taken into account. For instance, an officer retiring on the 31st December 1870, who held no substantive appointment from the 1st January to the 30th June 1869, will have his pension calculated on the salaries of the substantive appointments held by him from the 1st July 1865 to the 31st December 1870, the six months from 1st January to 30th June 1869 being omitted from the calculation altogether.

3. Suspension should, as regards the computation of average salary for pension, be in all cases treated as equivalent to the temporary loss of substantive appointment, unless the restoring authority expressly declares to the contrary. In the latter case, the pension of the suspended officer should be computed as in the case of officers absent on leave.

Ordered that a copy of the above letter be published in the *Gazette of India*.

No. 41. ORDER THEREON, 26th September 1870, No. 393.

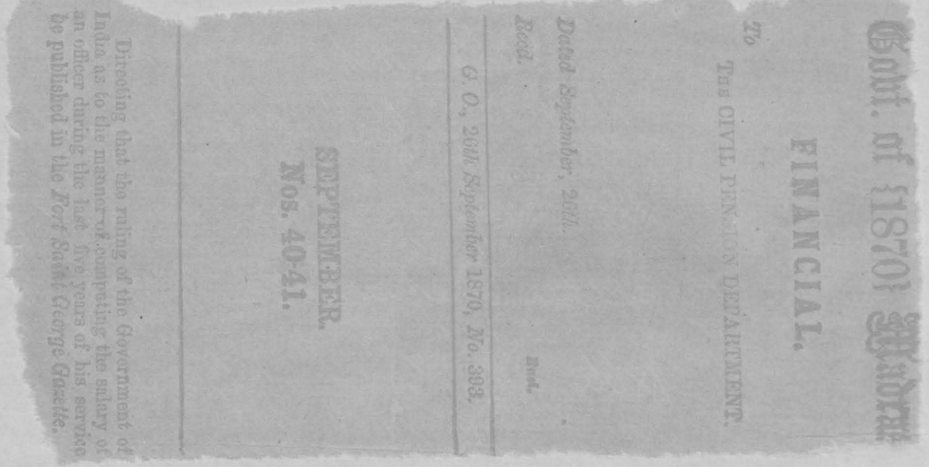

Ordered that the foregoing Resolution be communicated to the Civil Pension Department and published in the *Fort Saint George Gazette*.

To.

The Chief Secretary to the
Government of Fort St George

Financial Deptt Ltr

In reply to your letter № 314 dated 22d July 1870, I am directed to state that in supersession of the orders of this Department № 1476 dated 21st July 1866. the Governor General in Council is pleased to rule that in the case of the absence of any Uncovenanted officer on leave without pay, under the operation of Financial Resolution № 542 dated 4th June 1864, during the five years preceding his retirement from the service credit shall be given in the Calculation of the usual average Salary for pension of the pay of the appointment held by him during his term of absence, i.e his pension shall as in the case of absentees

on reduced pay be computed upon the pay of the substantive appointments held by him during the last five years of his service.

This abolishes the distinction between absentees without pay & absentees on half pay.

In case an officer may have been for a time without a substantive appointment during the last five years of his service, then the substantive appointment which he held for an equal term last preceding the commencement of the closing five years ~~after~~ of his service must be taken into account ~~instalment~~. For instance an officer retiring on the 31st December 1870 who held no substantive appointment from the 1st January to the 30th June 1869. will have his pension calculated on the salaries of the substantive appointments held by him from the 1st July 1865. to the 31st December 1870. the 6 months from 1st January to 30th June 1869. being omitted from the calculation altogether.

This is in conformity with the Madras practice hitherto

Suspension should as regards the computation of average salary for pension, be in all cases treated as equivalent to the loss of substantive appointment, unless the restoring authority expressly declares to the contrary. In the latter case the pension of the suspended officer should be computed as in the case of officers absent on leave.

~~Temporary~~.

This portion has necessary only prospective operation – i.e. will only apply to suspensions made after Date.

I have the honor to be
Sir
Your Most Obedient Servant
