No. 7. Read the following letter from the Assistant to the Accountant-General, to the Accountant-General, Madras, dated Madras, 22nd October 1870, No. 288:—

Money Order Department.

I have the honour to forward, herewith, for submission to Government, the Budget Estimate of this Department for the official year ending 1871-72.

No. 8. ORDER THEREON, 7th November 1870, No. 447.

It appears from the Budget Estimate of the Money Order Department that the probable receipts from commission on issues and second commission fees in 1871-72 will be Rupees 16,230, and the probable expenditure Rupees 5,758.

2. The probable receipts exceed the actuals for 1869-70 by Rupees 2,585, and the estimate for the current year by Rupees 5,768.

3. The probable expenditure is less than the actuals for 1869-70, consequent on the abolition of the appointment of Controller of the Money Order Department, and the omission of his salary from the estimate.

4. The estimate for 1871-72 exceeds the estimate for 1870-71 by Rupees 950, owing to an additional sum of Rupees 900 having been provided under the head of "Commission to Agents," and to a sum of Rupees 50 under "Contingencies."

5. The commission to Agents being dependant on the receipts, the addition made in the estimate is passed.

6. The addition under contingencies does not appear to be necessary, inasmuch as the actuals for 1869-70 did not amount to more than Rupees 172, the entry in the estimate will be reduced, therefore, from Rupees 250 to Rupees 200, and the aggregate of the probable outlay for 1871-72 from Rupees 5,758 to Rupees 5,708.
