Financial Department.

Sir,

In acknowledging the Order of Government No. 528 of the 4th instant which only reached me on the 16th at Cuddapah, I have the honor to report that I believe the Establishment which I recommended for the Bullion Depôt to be in all respects suitable under ordinary circumstances, but since the Mint was closed there has been, and probably will be, for some months to come, much more than ordinary work to be performed in connection with the disposal of stores and the preparation of pension and gratuity rolls, and it would in my opinion have been advantageous to the State to have retained the Superintendent of Machinery who was also Foreman and General Superintendent, and the Stone Conicopoly, until the large and valuable stock of coinage copper, amounting to about eleven lacs of rupees, had been disposed of by transfer to the Calcutta Mint and to the Arsenal

2. The two hundred new die plates required for the Stamp paper Department is a heavy piece of work, and the additional hands asked for by the Acting Assay Master for that purpose is a very reasonable demand, and will I fear be unable to complete the work in the short space of two or three months named by the Assay Master and I do not think the work could be done elsewhere in Madras more economically, or more satisfactorily at the Chepauk workshops than at the Mint by the men who have for a considerable time been employed on the same kind of work.—

I have the honor to be,
Sir,
Your most obedient servant,
H Yatmundale Colonel,
