Proceedings of the Madras Government, Financial Department,
22nd August 1871.

No. 96. Proceedings of Government, dated 22nd August 1871, No. 376.

The Government desire to have before them information as to the extent to which the wants of the country in respect of communications have been provided for. To supply this information, the Collectors of the several districts are directed to furnish, as early as possible, returns showing—

- (i). For trunk roads, total mileage and mileage bridged and metalled.
- (ii). For all other roads, number of miles metalled, number of miles which have been made but not metalled, number of miles merely traced, number of miles for which surveys have been made or estimates sanctioned but on which no work has been done, and number of miles projected. It is not expected that the information which may be given under the last head can be more than approximate.
- (iii). For water communications the number of miles of canal or main lines of backwater open for traffic.
