*Proceedings of the Madras Government, Financial Department,
25th August 1871.*

No. 103. Read the following Proceedings of the Government of India in the Financial Department, dated Simla, 29th July 1871, No. 2354 (Accounts):—

Read again—

Financial Resolution, No. 1659, dated the 20th March 1871, transferring to provincial services all medical charges other than the consolidated salaries of medical officers who are in medical charge of civil stations.

Read—

An Office Memorandum from the Home Department, No. 3399, dated the 15th July, inquiring, with reference to the above Resolution, whether the Local Governments will now pay for the European medicines required for the charitable dispensaries, which have hitherto been supplied *gratis* with such medicines, and if so, at what rates, and whether any limit has been prescribed as to the amount of medicine which each Local Government may indent for.

RESOLUTION.—The Governor-General in Council is pleased to decide that the Local Governments shall pay, from provincial services, for all supplies of medicines to the Civil Department, at a valuation on the principle of rating which the Military Department observes in pricing imported stores, and in regulating its usual debits to the Civil Departments for medical stores. It will be discretional with Local Governments to exact or dispense with a similar payment to provincial services from charitable dispensaries.

2. As the Local Governments will pay for all supplies of medicines, it is not necessary to limit the amount of their indents for the supplies.

ORDER.—Ordered that a copy of the above be forwarded to the Home Department for information and further orders, to the Military Department for information, and to the Comptroller-General and the several Accountants-General and Deputy Accountants-General in independent charge for information and guidance.

R. H. HOLLINGBERRY,
Asst. Secy. to the Govt. of India.

No. 3757.

Copy forwarded to the Government of Madras for information and guidance.
