*Proceedings of the Madras Government, Financial Department,*
*24th August* 1871.

No. 117. Read the following Proceedings of the Director of Public Instruction, dated Madras, 8th July 1871, No. 1119:—

Read Government Notification, dated 27th June 1871, regarding fees to be charged in schools.

---

The Director of Public Instruction is taking steps to circulate copies of the above notification among the Managers of schools aided on the salary-grant system, and he requests that the several Educational Inspectors will, before the 1st of September if practicable, arrange with the Managers of such schools for the introduction of the scales of fees, &c., laid down by Government. The knowledge of the schools possessed by the Inspectors and their Deputies will enable the former in most cases to see that the fees proposed by the Managers for their classes are in fair accordance with the prescribed scales; any slight doubt which exists in a particular case may be given in favour of the Managers, subject to a further revisal on the occasion of the next inspection.

2. The Director purposes requesting the Accountant-General to issue instructions to the several Treasury Officers not to pay any salary-grant bill for September next unless the bill is accompanied by a memorandum from the Inspector of the Division, certifying that the orders of Government regarding school fees, as expressed in the Notification of the 27th ultimo, have been complied with by the school in question.
