Proceedings of the Madras Government, Financial Department,
7th September 1871.

No. 22. Read the following Proceedings of the Board of Revenue, dated 18th August 1871, No. 3540:—

Read again letter from the President of the Municipal Commission, Cuddalore, dated 9th June 1871, No. 66, recorded in Board's Proceedings, dated 4th July 1871, No. 2681.

Read also the following letter from the Collector of South Arcot and President of the Municipal Commission, Cuddalore, to the Acting Secretary to the Board of Revenue, dated Cuddalore, 5th August 1871:—

In reply to the Board's Proceedings of the 4th ultimo, No. 2681, I have the honour to state that I still consider the Civil Hospital at Munjacooppum and the Branch Dispensary at Old Town, Cuddalore may be transferred to the care of the Municipal Commissioners, and that, as Sadasiva Row Reddi's Choultry is managed by a Committee of Native gentlemen, of whom the Tahsildar of the Cuddalore Taluq is one, and as the institution is one in which all the Native Municipal Commissioners take an interest, I am of opinion it may be advantageously transferred to the Municipal Commissioners' charge.

2. The travellers' bungalow was included in the list submitted to the Board because it was considered an institution within the meaning of the Act.

3. In only one instance has a complaint been made that any of the wells included in the list were private property, and, after a careful inquiry made by myself and a personal measurement of the ground claimed, it was clearly proved that the claim preferred was quite untenable. The list of tanks and wells was prepared by the Native Commissioners of the different Municipal Divisions with much care, and, though four or five of the wells in Tripapuliyur, specified in the list as being opposite particular houses, would appear at first sight private, I am assured by the Commissioners, whom I have again consulted, that they are really public ones, and the Tahsildar reports to the same effect.

4. With regard to the schools, it was never intended by me to convey the impression that the Municipal Commissioners proposed to undertake the supervison of the school-houses within the municipal limits, but only that they would saddle themselves with the expenditure hitherto incurred by Government on account of teachers' salaries and of payments for results' grants to elementary schools.

5. With these explanations, I have the honour to re-submit the list with the omission from it of the travellers' bungalow.

Submitted to Government, with reference to paragraph 24 of Government Order, Public Department, dated 9th May 1871, No. 619.

2. The Board recommend the transfer to the Municipal Commission of Cuddalore of the institutions entered in the *revised* list submitted by the Collector with his second letter, with the exception of the schools, which are private property, and do not fall within the scope of the order to which this is a reply.

3. With reference to paragraph 2 of the first of the foregoing letters, the Collector is requested to furnish a detailed list of the twenty-one elementary

schools which have applied for inspection on the payment for results' principle, showing their income and charges.

(True Copies and Extract.)

(Signed) J. GROSE
Secretary.

No. 23. ORDER THEREON, 7th September 1871, No. 435.

The annexed Notification will be published in English and in the Vernacular in the South Arcot District Gazette, and the Collector will report the date of its publication to Government, in view to the issue of a final Notification one month afterwards:—

NOTIFICATION.

"Under the provisions of Section 15, Act III. of 1871, the Governor in Council hereby notifies that it is intended to transfer the institutions hereunder specified to the Municipal Commissioners of the town of Cuddalore, viz:—

The Civil Hospital at Manjacooppum.
The Branch Dispensary, Old Town, Cuddalore."

2. The present income of these institutions appears to be understated. Exclusive of receipts from Government, their assets in 1869, according to the Dispensary report of that year, were Rupees 3,800-6-0. The contribution of the Local Fund to the charges hitherto borne by Government was fixed in G. O., 17th April 1871, No. 491.

3. Sadasiva Row Reddi's Choultry comes under the provisions of Regulation VII. of 1817. Under Section 16 of Act III. of 1871, the Government hereby consent to the transfer by the Board of Revenue of the management and superintendence of the endowment to the Municipal Commissioners.

4. As the public tanks and wells are already, under Section 114 of the Act, placed under the direction and control of the Commissioners, the Government do not see the necessity for formally transferring them under Section 15. However, if the Commissioners desire it, the Collector may include them in the Notification above authorized.
