No. 103. ORDER THEREON, 20th October 1871, No. 588.

The Budget Estimate of Charges for the Paper Currency Department for the year 1872-73 amounts to Rupees 41,272 against Rupees 33,370, the grant for the current year, and Rupees 32,949, the actuals for 1870-71.

3. The estimate also provides Rupees 4,000 for "Bank's commission on sale and purchase of Government Securities." This charge, it is explained, has been hitherto included in the estimate and accounts of the Head Office at Calcutta, but is now transferred to this estimate under instructions from the Comptroller-General of Accounts.

4. There are in the estimate two items of Rupees 500 each for "Printing." The first item, under "Contingencies," Paper Currency Department, Madras, is, the Government conclude, for work to be done at the Government Press. If so, it will be removed from the estimate. The second item is in connexion with the Circles of Issue at Calicut, Trichinopoly, and Vizagapatam. The Commissioner of Paper Currency is requested to explain whether the charge is for printing work to be done by private presses, or by the Government Press at Madras.

5. Pending the receipt of this information, the Government pass the estimate, less the first item of Rupees 500 for "Printing," referred to in the preceding paragraph.
