Not to be folded or roughly handled

Read the following papers:—

No. 130. From the Secretary and Treasurer, Bank of Madras, to the Chief Secretary to Government, Fort St. George, dated Madras, 24th April 1871.

With reference to my letter to you of 24th February last, with the Order of Government thereon, 3rd March, No. 88, I have now the honour, by desire of the Directors, with the view to the erection of new premises for the Bank, to offer Rupees 25,000 for so much of the ground occupied by the Commissariat Granary on the North Beach as will give a frontage of 200 feet and the full depth between the road and the 2nd Line Beach.

2. I am at the same time desired to add that the northern end of the ground would be preferred.

No. 131. From the Commissary-General, to the Secretary to Government, Military Department, Fort St. George, dated Madras, 25th September 1871, No. 4508.

I have the honour to acknowledge the receipt of your memorandum, No. 200, dated 23rd September 1871, and, in reply, to state that we have no other cover for the mules than that at present occupied as stables in the old Commissariat Timber-yard on the beach, and as the mules have improved so much and kept in such good health since placed under shelter, it is very desirable that they should on being removed have similar protection. I would, therefore, suggest, for the orders of Government, that stables should be provided, and propose that advantage be taken of the vacant spot in rear of the old Mounted Police Station, near the Royapoorum terminus, where a "lean-to" shed might be erected at no great cost against that portion of the town wall still standing near that spot.

Transferred to the Public Works Department.

OOTACAMUND, 30*th September* 1871.

(Signed) A. C. SILVER, Colonel,
Offg. Secy. to Govt., M. D.

No. 132. ORDER THEREON, 27th October 1871, No. 610.

Since the receipt of the above letter, the Government have given much consideration to the disposal of the building sites belonging to the State on the North Beach at Madras, and have come to the conclusion that the Government Granaries must be retained on their present site.

2. The space required for the Bank buildings can, however, be made available on the spot where the Commissariat Mule Stables now stand, immediately south of the General Stamp Office, and the Directors of the Bank will be requested to state whether they are willing to maintain their offer of Rupees 25,000 for a site of 200 feet frontage at this point and the full depth between the road and the 2nd Line Beach, the building materials now on the site being reserved and removed by Government.
