Read the following papers :—

No. 153. Proceedings of the Board of Revenue, dated 19th October 1871, No. 4438.

From C. G. MASTER, Esq., Acting Collector of Ganjam, to the Acting Secretary to the Board of Revenue, dated Chetterpore, 11th September 1871, No. 26.

WITH reference to Rule XX. of the Local Fund Rules circulated with the Government Order, No. 265, of the 30th June last, I have the honour to forward, herewith, Budget-estimates of receipts and disbursements of the Local Fund Circle of Chetterpore for 1871-72.

2. In the Road Fund Budget provision has been made not only for the works shown in the statement which accompanied the Government Order of the 7th June last, No. 216, but also for all the incomplete works, and Rupees 1,000 on account of survey of roads, including the sum of Rupees 325-11-4 sanctioned by the Board in their Proceedings of the 10th ultimo, No. 3,377, and Rupees 497-2-6 for which sanction was applied for in my letters of the 19th ultimo, 2nd and 4th instant. Rupees 10,000 have also, at the urgent request of the Superintending Engineer, been provided for the road from a point on the Aska and Suradah line to Surla in addition to the 10,000 Rupees already entered in the statement received with the Government Order, No. 216, dated the 7th June 1871, for which I request the sanction of the Board. The only work shown in the statement which accompanied the Government Order of the 7th June, for which no provision has been made in the Road Fund Budget, is that relating to Maliah Roads, as the Local Fund Board at their recent meeting considered that this could not be looked upon as a charge debitable to Local Funds, the Maliahs not being situated within the limits of either the Chetterpore or Chicacole Circle and their character being similar to that of Jeypore for which separate provision was made—*vide* paragraph 2 of the Government Order, No. 265, of 30th June last.

3. EDUCATION.—A sum of Rupees 1,300 has been provided: Rupees 800 on account of a portion of the pay and allowances of the Deputy-Inspector of Schools and Rupees 500 for an Inspecting Schoolmaster.

4. Rupees 2,000 have been provided for results-grants only because there are no Rate or Grant-in-aid Schools of the lower class in this circle.

5. SANITATION, ETC.—(1) Rupees 892 and (2) Rupees 1,900 have been provided for (1) contribution to the Civil Dispensary of Berhampore with reference to Board's Proceedings, dated 27th April 1871, No. 1,755, and (2) pay of all the Government Vaccinators and proportionate cost of supervision of the Vaccination Department; but as there are no appropriate columns in Statements III., III A., and III B., and IV., IV A., and IV B., these sums have not been entered therein, though they duly find place in the General Budget Statement I., copies of which have been forwarded to the Director of Public Instruction through the Deputy-Inspector of Schools, to the Inspector-General, Indian Medical Department, and the Sanitary Commissioner, as directed in paragraph 20 of the Rules.

6. The Chief Secretary having telegraphed for the Local Fund Budgets, I have to-day forwarded copies of this direct to Government.

ENCLOSURES Nos. 1 to 12.—Budget-estimates.

From Surgeon-Major W. R. CORNISH, F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated 21st September 1871, No. 1,329.

I HAVE the honour to report that the Budget-estimate of the Chetterpore Local Funds Board ontain no provision whatever for sanitary expenditure; and as I do not understand how the wants this circle can be different from those of other districts, where bad water and dirty villages ound, I would suggest the need of revision of the estimates in this particular.

From the Acting Inspector-General, Indian Medical Department, Fort Saint George, to the Board of Revenue, dated Fort Saint George, 22nd September 1871, No. 5,054.

I HAVE the honour, under No. XX. Local Fund Rules, to offer the following remarks with regard to the provision made for the support of the Berhampore Dispensary, Ganjam District.

2. The total expense of the institution in 1870 amounted to Rupees 2,615, and to meet the charges for the current year only Rupees 1,290 have been provided, as per margin, leaving a balance of Rupees 1,325, for which no certain provision has been made.

	Rs.
Local Fund grant, Chetterpore Circle	890
Municipal grant, Berhampore	300
Interest on vested capital, say.....	100
	1,290

3. The voluntary subscriptions in behalf of the hospital now average Rupees 1,300 per annum; but as these are always a precarious source of income, and as there, in this instance, appears to be anticipations of their declining, it seems to be desirable that some further provision should be made from Local or Municipal Funds.

4. With reference to the Chicacole and Kimedy Dispensaries, also in the Ganjam District I beg to bring to your notice that as yet only Rupees 300 have been allotted for the support of the former institution, viz., by the Chicacole Municipality, and so far as I am aware no provision whatever has been made for the Kimedy Dispensary.

5. The total charges on account of these institutions during 1870 were as per margin.

	Rs.
Chicacole	2,013
Kimedy	1,240

From E. B. POWELL, Esq., Director of Public Instruction, to the Acting Secretary to the Board of Revenue, dated Madras, 11th October 1871, No. 1,819.

IN a letter from the Acting Collector of Ganjam, giving cover to the Budget-estimates for the Local Fund Circle of Chetterpore for 1871-72, it is stated that provision has been made for an Inspecting Schoolmaster among other items. This, however, does not appear to be the case, as the total provision for inspection is only Rupees 800, while a moiety of the Deputy-Inspector's pay and allowances is alone 760 Rupees. At the same time, the provision for results grants is so liberal, that I am inclined to think that the total provision made will be found sufficient.

THE Local Fund Budget-estimates of the Chetterpore Circle for 1871-72, received with the first of the letters recorded above, will be submitted for the orders of Government.

2. STATEMENT I A., REVENUES AND RECEIPTS.—According to this statement the total Local Fund assets are Rupees 1,19,350, made up of the following items :—

	Rs.
1. Balances...	7,500
2. Allotments from General Revenue	26,550
3. Rates and Taxes	85,300
	1,19,350

3. The actual balance of the Road Fund on the 1st April 1871 was Rupees 12,580, of which Rupees 7,500 has been apportioned to this circle and the remainder, Rupees 5,080, to the Chicacole Circle.

4. The cess on land is given as Rupees 85,300. It is not explained how much of it appertains to the old Road Cess.

5. STATEMENT I B., EXPENDITURE.—The total proposed expenditure shown in this statement is Rupees 1,10,930, as hereunder particularized :—

	Rs.
Grant I.	1,04,190
Do. II.	3,300
Do. III.	2,790
Do. IV.	650
	1,10,930

Proceedings of the Madras Government, Financial Department,
30th October 1871.

6. GRANT I., PUBLIC WORKS—STATEMENT II., ROAD FUND RECEIPTS AND EXPENDITURE.—According to Statement II., the assets of the Road Fund are Rupees 1,10,920, inclusive of an additional appropriation of Rupees 20,000 made by the Local Fund Board from the one-third Land-Cess. This sum has been reduced to Rupees 9,660, as noticed further on.

7. The cost of the Public Works Department General Establishment chargeable to the whole district according to the Government Order, Financial Department, dated 7th June 1871, No. 216, is Rupees 19,670, which has not been correctly distributed between the two circles. The sum shown for this circle is Rupees 12,840 and that for the Chicacole Circle is Rupees 11,670, making a total of Rupees 24,510, which is Rupees 4,840 in excess of the sum fixed by Government. It is not known how the sum of Rupees 24,510 was obtained. The correct sums have, however, been calculated with reference to the proposed expenditure in each circle and inserted in both the Circle Budgets.

	Rs.
Chetterpore... ...	12,990
Chicacole... ..	6,680
	19,670

8. The allotment for tools and plant has been reduced from Rupees 790 to Rupees 770.

9. As the year is far advanced, as all the incomplete works of the past year have been provided for, and as there is an unappropriated balance of about Rupees 4,050, the Board of Revenue have struck out the Reserve altogether, viz., Rupees 10,340. This will set free a portion of the one-third Land Cess transferred to the Road Fund, and thus the actual amount credited to the Road Fund will be Rupees 9,660.

Rs.	
20,000	
10,340	
9,660	

10. STATEMENT II A., PART I., NEW WORKS.—Part I. contains seven items with an aggregate allotment of Rupees 37,090. None of these seem to call for remark, except the seventh item which has an allotment of only Rupees 690.

The description of the work ought not to have been given in this Budget but in an appendix.

11. PART II., REPAIRS.—Part II. contains nine items with a total allotment of Rs. 39,830.

12. APPENDIX TO PART II.—The last item* in the Appendix is for the survey of certain local roads, and should have been exhibited in the Appendix to Part I. of the Budget. The Board have already sanctioned allotments to the extent of Rupees 824, which will be detailed in the Appendix for easy reference.

*Rupees 1,000.

13. All the works entered in the Budget and list of works received with the orders of Government marginally noted, have been included in both the Circle Budgets with the exception of the roads in the Khond Maliahs with an allotment of Rupees 5,200, which have been omitted because, as the Local Fund Board justly remark, the charge cannot be debited to Local Funds, the Maliahs not being situated within the limits of either of the circles and the character of the roads situated therein being similar to that of Jeypore—for which provision was made from Provincial* Funds.

Financial Department, dated 7th June 1871, No. 216.
,, ,, dated 21st July 1871, No. 301.

* *Vide* paragraph 2 of Government Order, Financial Department, dated 30th June 1871, No. 265.

14. STATEMENT II B.—This statement shows that the condition laid down in Rule XXIX., as regards the appropriation of Land Cess, has been observed.

15. GRANT II., EDUCATION.—This grant is made up of the following items:—

	Rs.
1. Payment for Inspection...	800
2. Training Schools	500
3. Results grants	2,000
	3,300

16. The Acting Collector states that a sum of Rupees 800 has been provided on account of a portion of the pay and allowances of the Deputy-Inspector of Schools, and Rupees 500 for an Inspecting Schoolmaster. The total of the two sums, Rupees 1,300, should have been shown

opposite to the first item. The necessary correction has been made in this office. The Director of Public Instruction points out that the provision of Rupees 800 for inspection does not include the salary of the Inspecting School Master, but as the allotment for results-grants is liberal, he is inclined to think that the total of Grant II. will be found sufficient.

17. GRANT III., SANITATION, ETC.—The total of Grant III. is Rupees 2,790, and comprises the following items:—

		RS.
1.	Hospitals and Dispensaries	890
2.	Payment to Government for Vaccine Establishment... ...	1,900
		2,790

18. The first item is the Local Fund contribution to the Berhampore Municipality for the dispensary at that place in accordance with the statement appended to the Government Order, Public Department, dated 17th April 1871, No. 491. The Acting Inspector-General, Indian Medical Department, reports that the total expense of the institution in 1870 was Rupees 2,615, while only Rupees 1,290 has been provided to meet the charges of the current year, leaving a balance of Rupees 1,325 for which no certain provision has been made. He further states that the voluntary subscriptions in behalf of the Hospital amount on an average to Rupees 1,300 per annum; but as the income from this source is precarious, he suggests that some further provision should be made from Local or Municipal funds. The President will report on this point.

19. The second item provides for the pay of the Government Vaccinators and the proportionate cost of supervision of the Vaccination Department.

20. The Sanitary Commissioner points out that no provision whatever is made in this Circle Budget for sanitary expenditure. The Board of Revenue have accordingly allotted a lump grant of Rupees 1,000 out of the General Local Funds.

21. GRANT IV., MISCELLANEOUS.—The allotment for the share of the cost of the controlling establishment at the presidency (Rupees 150) has been altered to Rupees 180.

22. The Abstract of the Budget-estimates as modified by the Board of Revenue is as follows:—

Receipts.			Expenditure.			
		RS.			RS.	RS.

(True Copies and Extract.)

(Signed) J. B. PENNINGTON,
Acting Secretary.

No. 154. From the Secretary of the Board of Revenue, dated 20th October 1871, No. 4439.

From W. F. GRAHAME, Esq., Acting Vice-President, Local Fund Board, Chicacole Circle, to the Secretary to the Board of Revenue, dated Raghunadhapur, 22nd September 1871, No. 283-4.

As directed by a telegram received from the Collector of Ganjam, I have the honour to forward to you the Local Fund Budgets* of the Chicacole Circle for 1871-72, together with a copy of the Proceedings of the Local Fund Board on the subject of these Budgets.

* Statements I., II., II.-A., II.-B., II.-C., IV., IV.-A., and IV.-B.

ENCLOSURES Nos. 1 to 10.—Budget Estimates, and copy of Proceedings of Local Fund Board.

From the same Officer, dated Raghunadhapur, 25th September 1871, No. 8.

I HAVE the honour to forward herewith copy of a letter which I have this day addressed to the President of the Local Fund Board, Chicacole Circle, on the subject of certain alterations in the Local Fund Budgets, copies of which were forwarded to you direct on the 22nd instant.

ENCLOSURE No. 1.

From W. F. GRAHAME, Esq., Vice-President, Local Fund Board, Chicacole Circle, to the President, Local Fund Boards, Ganjam, dated Raghunadhapur, 25th September 1871, No. 6.

IN Government Order, No. 387, dated 24th August 1871, Government ordered a reduction of Rupees 1,386 to be made in the amount of Rupees 2,615 allotted for the repair of timber bridges on the Salt Road No. 2 in this Circle—*Vide* Item 9 in Part II., Statement II.-A., of the Local Fund Budgets). The order in question was received in this office on the 14th instant, three days after the Local Fund Board met, and was accidently overlooked. I have, therefore, the honour to request that you will have the necessary alterations made in the Budgets by reducing the above-mentioned amount of Rupees 2,615 to Rupees 1,299 and correcting the totals to correspond, and by making the corresponding alterations in Statements I. and II.

2. I have sent a copy of this letter to the Board of Revenue and Government.

(True Copy.)

(Signed) W. F. GRAHAME,
Vice-President.

THE Local Fund Budget Estimates of the Chicacole Circle for 1871-72 will be submitted for the orders of Government. The Board of Revenue observe that this Budget has been sent direct to them by the Vice-President, agreeably to a telegram received from the Collector. The necessity for this unusual course is not apparent. The Board will however proceed to review the Budget.

2. STATEMENT I.-A., REVENUES AND RECEIPTS.—The total assets of the year are given as Rupees 78,390 and are as follow:—

		RS.
1.	Balances...	5,080
2.	Allotments from General Revenue	15,350
3.	Rates and Taxes	56,960
4.	Endowments, etc.	1,000
	Total...	78,390

3. The 2nd item consists of the sums marginally noted. The assignment from Provincial funds should be reduced by Rupees 1,386, and that sum added to the grant for the Vizagapatam District, as directed in Government Order, Financial Department, dated 24th August 1871, No. 387.

	Rs.
Provincial Funds	12,650
Special do.	2,700
	15,350

4. The 3rd item is the cess on land, which appears to have been fairly estimated.

5. The 4th item is the contribution of Rupees 1,000 by the Kimedi estate towards the maintenance of the Civil Dispensary at Kimedi, which is estimated for the current year at Rupees 1,850, while in the statement appended to the Government Order, Public Department, dated 17th April 1871, No. 491, a sum of Rupees 2,400 is proposed to be charged to Local Funds.

6. The total assets will by the deduction made in the Provincial grant be reduced to Rupees 77,004 (or 77,000).

7. Statement I.-B., Expenditure.—The aggregate expenditure shown in this statement is Rupees 74,200 and consists of—

	Rs.
Grant I.	64,720
,, II.	4,300
,, III.	4,750
,, IV.	430
Total...	74,200

8. Grant I., Public Works, Statement II., Road Fund Receipts and Expenditure.—The assets of the Road Fund are given as Rupees 68,400, which includes an additional appropriation of Rupees 10,000 proposed by the Local Fund Board from the one-third land cess. The Board of Revenue do not see the necessity for this transfer, and have accordingly disallowed it.

9. The allotment for the share of the cost of the Public Works Department supervision chargeable to the Road Fund has been reduced from Rupees 11,670 to Rupees 6,680 as explained in paragraph 7 of the Board's Proceedings reviewing the Chetterpore Circle Budget.

10. The provision for "Tools and Plant" has been reduced from Rupees 450 to Rupees 430.

11. The Reserve, Rupees 6,330, has been reduced to Rupees 4,410 to balance the Budget. As the year is far advanced, and as all the incomplete works of the past year have been provided for, the Board of Revenue consider the reduced sum to be adequate to meet any unforeseen charges.

12. Statement II.-A., Part I., New Works.—Part I. contains only one sanctioned work with an allotment of Rupees 14,960.

13. Part II., Repairs.—Part II. contains ten items with an aggregate allotment of Rupees 25,840.

14. The allotment for the 9th item has been reduced from Rupees 2,615 to Rupees 1,230 agreeably to the Government Order, Financial Department, dated 24th August 1871, No. 387.

15. In Statement II.-C. there is an allotment of Rupees 400 entered for the repair of two ferries. This is shown opposite to "Sanitary and Miscellaneous" under Grant I. in Statement B., but it has been incorrectly added to the assignment for the repairs of communications in Statement II. It has however not been shown in Part II. of the Budget. The omission has been rectified in this office.

Proceedings of the Madras Government, Financial Department, 30th October 1871.

16. Statement II.-B.—It is observed from this statement that the condition of Rule XXIX. has been observed.

17. Grant II., Education.—This grant is made up of—

	Rs.
1. Payment for inspection	1,500
2. Results grants	2,800
Total...	4,300

These allotments appear to have been made in consultation with the Deputy Inspector of Schools.

18. Grant III., Sanitation, etc.—Grant III. comprises the following items:—

	Rs.
1. Hospitals and Dispensaries	2,000
2. Payment to Government for Vaccine establishment	750
3. Sanitary establishment and cleansing of tanks and wells	2,000
Total...	4,750

19. The 1st item is for the Civil Dispensary at Kimedi. The income of the Institution is Rupees 1,000 and the expenditure is Rupees 2,000, leaving a minus balance of Rupees 1,000 to be provided for. In his letter,* dated 22nd September 1871, No. 5,054, the Acting Inspector-General, Indian Medical Department, reports that the total charges of the Dispensary in 1870 were Rupees 1,240. He further states that a sum of Rupees 300 has been allotted for the support of the Chicacole Dispensary by the Municipality of that town.

Vide paragraph 5 *supra*.

* Recorded in the Proceedings reviewing the Chetterpore Circle Budget.

20. In resolutions Nos. 7 and 8 passed by the Circle Board at their meeting held on the 11th September 1871, they have decided that it is not necessary to contribute anything towards the charges of the Chicacole Dispensary for this year, because the Budget of the Municipality for the year has been closed and sanctioned and no allotment can now be made from Municipal funds for Educational superintendence.

21. The Board of Revenue are however of opinion that the Municipality may be called upon to contribute the proportionate cost of Educational superintendence either from some available funds of this year, or from those of the ensuing one; and that the Local Funds should provide the necessary funds for the maintenance of the Dispensary. As the Inspector-General, Indian Medical Department, reports that the total charges of the Dispensary in 1870 were Rupees 2,013, and as the Municipality have already provided Rupees 300, the Board have allotted the remainder (Rupees 1,700, in round figures) from General funds.

22. In Statement IV.-B., the total expenditure is given as Rupees 1,370, of which Rupees 70 are for sanitary arrangements in connection with certain festivals at two places and Rupees 1,300 for sanitary expenses generally in the Circle. But the sum actually provided for is Rupees 2,000.† No particulars are given of the difference, Rupees 630. As there are ample funds available from General funds, the Board of Revenue have added the last mentioned sum to the allotment for the Circle, viz., Rupees 1,300.

† Item No. 3.

23. Grant IV., Miscellaneous.—Of the several sums making up this grant, the allotment for the Controlling establishment at the Presidency has been altered from Rupees 430 to Rupees 390.

24. An Abstract of the Budget Estimates as revised by the Board of Revenue is given below :—

Receipts.		Charges.

(True Copies and Extract.)

(Signed) J. B. PENNINGTON,
Acting Secretary.

No. 155. ORDER THEREON, 30th October 1871, No. 623.

With the Proceedings above recorded the Board of Revenue submit the Budgets of the Local Funds of Chetterpore and Chicacole in the Ganjam District.

2. The balance at credit of the Road Fund was Rupees 12,580. Of this sum Rupees 7,500 have been assigned to Chetterpore, and Rupees 5,080 to Chicacole. No explanation is given of this distribution, and the Revenue Board will inquire on the point.

3. For educational inspection Rupees 2,800 are provided between the two budgets. The Director's statement of the incumbent charge shows that only Rupees 2,010 will be required. Rupees 2,200 will certainly suffice, and distributed between the two budgets in the ratio of the expenditure in educational grants gives Rupees 1,280 for Chetterpore, and Rupees 920 for Chicacole. The allotment of Rupees 1,300 in the Chetterpore Budget may stand, but that made for Chicacole will be reduced.

4. For vaccination Rupees 2,650 are provided. Rupees 4,873 appear as the district provision in the Medical Budget. The mode of calculation of the allotments in these budgets, described by the President, seems correct; and the Government presume that the deficiency is due to the exclusion of vaccine establishments employed in the Khond Maliahs. The Inspector-General, Indian Medical Department, will report on the point. The grants made will stand for the present.

5. CHETTERPORE.—The assets of this local fund amount to Rupees 1,19,350. The proceeds of the cess are entered at Rupees 85,300, but the amount of road-cess collected in the first three months is not stated. Exactly two-thirds of the whole cess collections have been assumed to belong to the Road Fund, and an additional appropriation, properly reduced in amount by the Revenue Board to Rupees 9,660, has been made. It is certain that the credits from the cess to the Road Fund are not less than they ought to be; but the Revenue Board should see that in every case the whole of the road-cess collected under Act III. of 1866 is credited to the Road Fund, as well as the proper proportion of land-cess under Act IV. of 1871. The income of the Road Fund, excluding avenue receipts, is Rupees 1,00,570. There are no allotments for Public Works other than Communications. The Local Fund Board have omitted to provide the allotment specified in G. O., 7th June 1871, of Rupees 5,200 for the maintenance of roads in the Khond Maliahs beyond the limits of the circle. Such roads must, of course, remain a charge upon Provincial funds, and the Public Works Department is requested to state whether this sum can be made available from assignments from Provincial funds already made to the Department. The Road Fund charges are shown in the margin. The balance is large, and probably a needlessly large appropriation from general funds has been allowed. Grant I. is Rupees 93,180.

	Rs.
New Works	38,090
Repairs	38,830
Establishment, &c.	16,920
Tools and Plant	770
	94,610
	5,960
	1,00,570

6. No unions are proposed, and there are no salary grants. Primary education needs stimulating in this district, and the Government trust that the Local Fund Boards will endeavour to further it by the establishment of some schools in 1872-73. An increase of the staff of Inspecting Schoolmasters appears one of the first requisites. The allotment of Rupees 2,000 for results' grants will probably suffice. The amount of Grant II. is Rupees 3,300.

7. There are no endowed institutions to be transferred to the Local Fund Board. Grant III. consists of allotments of Rupees 1,000 made by the Revenue Board for sanitation; of Rupees 1,900 for vaccination; and of a contribution of Rupees 890 towards the Civil Dispensary at Berhampore. The latter is the portion of the charges borne by Government which were ordered to be transferred to Local Funds; but it was not intended that the Local Fund contribution should be limited to this sum. The institution is to be transferred to the Municipal Commissioners, and the Collector is authorized to notify in the District Gazette that it is the intention of Government to declare it so transferred, and will report the details of its receipts and charges. Meanwhile Rupees 1,500 will be entered, with reference to Dr. Balfour's remark, as the Local Fund contribution. Grant III. will thus be Rupees 4,400.

8. The budget will then be as follows:—

Receipts.

	Rs.
Balances	7,500
Allotments, &c.	26,550
Rates and taxes	85,300
Total ...	1,19,350

Expenditure.

		Rs.
Grant I.		93,980
,, II.		3,300
,, III.		4,400
,, IV.		680
		1,02,360
Balances—		
Road Fund	5,960	
General do.	11,030	
		16,990
Total ...		1,19,350

9. CHICACOLE.—The income of this local fund is Rupees 77,000. The cess proceeds are estimated at Rupees 56,960, and (as in Chetterpore) two-thirds of this sum, Rupees 37,970, are credited to the Road Fund. The Revenue Board will instruct the President as to the sums that are to be actually credited to that fund. The avenue receipts belong to general funds. The Government observe that, as ferry-rents are credited to the Road Fund, the charges for the repair of ferry-boats which, on the strength of the entry under Miscellaneous in the list appended to G. O., 7th June 1871, the Board of Revenue have shown under that head, ought to be debited to the Road Fund. As a portion of the money will have to be placed at the disposal of the Public Works Department, the Government have inserted the items under "Repairs," though perhaps they should more correctly come under item 3 C., Statement II. The assets of the Road Fund are estimated at Rupees 57,000, and its charges at Rupees 56,360. By the inclusion of the ferry charges the reserve is reduced to Rupees 4,000. Grant I. is Rupees 55,990.

10. By the reduction of the grant for Inspection above referred to Grant II. becomes Rupees 3,720. There are no unions nor salary grants. The charge, which might fairly be made against the Chicacole Municipality for educational inspection, would probably be small, and may be left to arrangement between the Local and Municipal bodies. The Municipality are at liberty to make the requisite appropriation.

11. The determination of the Local Board, that because the Municipality cannot contribute for inspection the Local Board will not pay for the Chicacole Dispensary, is unreasonable and opposed to the instructions issued. Looking to the amount of the estimated charges of the Dispensary, the Government think Rupees 1,700 too much for the local funds to pay. The Government have reduced the proposed contribution to Rupees 1,500, and the balance of the charges must be met from municipal funds. The Collector will notify that it is the intention of Government to declare the Chicacole Dispensary vested in the Municipal Commissioners, and that at Kimedy in the Local Fund Board. The provision for the latter institution seems excessive, but is passed. There are no endowed choultries or other institutions proposed to be transferred. Grant III. is Rupees 6,250.

Proceedings of the Madras Government, Financial Department,
30th October 1871.

12. The revised budget is as follows:—

Receipts.

		Rs.
Balances		5,080
Allotments		13,960
Rates and taxes		56,960
Contributions		1,000
Total ...		77,000

Expenditure.

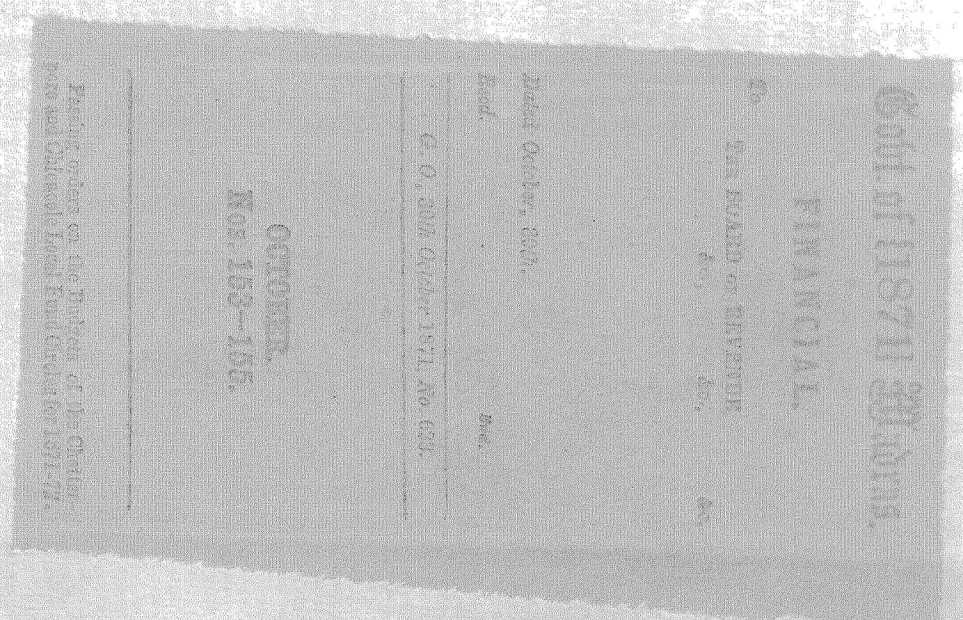

Grant I.		55,990
,, II.		3,720
,, III.		6,250
,, IV.		470
		66,430
Balances—		
Road Fund	640	
General do.	9,930	
		10,570
Total ...		77,000

Proceedings of the Board of Revenue.

Dated 19th October 1871.

Read the following Letters

From the Acting Collector of Ganjam No 26 dated 11th Oct. 1871

Do - Sanitary Commissioner 2nd Do No 1819 dated 12th Oct. 1871

Do - Inspector General of Hospitals No 22 dated 13th Oct. 1871

Do - Director of Public Instruction No 1812 dated 14th Oct. 1871

The Local Fund Budget Estimates of the Chittoor Circle for 1871-72, received with the first of the letters recorded above, will be submitted for the orders of Govt.

Statement I. of Revenue and Receipts.

2 According to this statement the total Local Fund assets are Rs 119,350 made up of the following items.

	Rs
1 Balance.	7,500
2 Allotments from General Revenue	26,550
3 Rates and taxes	85,300
	119,350

3 The actual balance of the Road Fund on the 1st April 1871, was Rupees 12,580 of which Rupees 7,500 has been apportioned to this Circle and the remainder Rs 5,080 to the Chicacole Circle.

4 The Deposit head is given as Rupees 25,300. It is not explained how much of it appertains to the Local Fund Dept.

5 The total proposed expenditure shown in this statement is Rs 119,950 as forwarded for technical scrutiny. Statement I B. Expenditure

Grant I	—	104,190
Do II	—	3,300
Do III	—	2,760
Do IV	—	700
		110,950

6 According to Statement II, the works of the Road Fund are Rs 110,250 inclusive of an additional appropriation of Rs 2,000 made by the Local Fund Board from the one third land-cess. This sum has been reduced to Rs 9,660 as noted further on. Grant I Public Works Statement II Road Fund Receipts & Expenditure

7 The cost of the Public Works Dept establishment chargeable to this work in Districts according to the Govt Orders Financial Department dated 9th June 1871, No 216 is Rupees 6,940, which has not been correctly distributed between the two Circles. The sum shown for this Circle is Rs 12,940 and that for the Chicacole Circle is Rupees 11,690, making a total of Rs 24,630, which is Rs 4,840 in excess of the sum fixed by Government. No reason is known how the sum of Rs 24,630 was obtained. The correct sums have however been calculated with reference to the proposed expenditure in each Circle Circle Divided in to the Circle Budgets.

Cicacole Circle 11,690
Chicacole do 6,600
12,940

8 The allotment for tools and plant has been reduced from Rs 790 to Rs 770.

9 As the year is far advanced, as all the incomplete works of the past year have been provided for, and as there is an unappropriated balance of about Rs 4,000, the Board of Revenue have struck out the Reserve altogether viz. Rs 10,640. This will set free a portion of the one-third land-cess transferred to the Road Fund and thus the actual amount credited to the Road Fund will be Rs 9,660.

2,000
10,340
9660

10 Part I contains 9 items with

Statement II Part I New Works.

an aggregate allotment of Rs 27030. None of these seem to call for remark, except the 7th item which has an allotment of only Rs 650. The description of the works ought not to have been given in this Budget but in an appendix.

11 Part II contains 9 items with a total allotment of Rs 69,030. Part II Repairs.

12 The last item in the Appendix is for the survey of certain local roads, and should have been exhibited in the Appendix to Part I of the Budget. The Board have already sanctioned allotments to the extent of Rs 824, which will be detailed in the Appendix for easy reference. Appendix Part II Rs 1000

13 All the works entered in the Budget and list of works received with the orders of Government mentioned have been included in both the Circle Budgets with the exception of the roads in the Chikkod Taluka with an allotment of Rs 2,200, which have been omitted because, as the Local Fund Board justly remark, the charge cannot be debited to Local Funds, the Taluka not being situated within the limits of either of the circles and the character of the roads situated therein being similar to that of Gokak for which provision was made from Provincial Funds. D. D. Dy Chiefs No 206 Dt 21 July 1876

× Vide head of G. O. Dd 3016 June 19, 1865

Statement No 8

Land Revenue

Small Cases

Rent suits

Matters

Grants

Education

14 This statement shows that the condition laid down in Rule XXIX as regards the appropriation of Land Cess has been observed.

15 The grant is made up of the following heads:

1	Payment for Inspection	Rs 800
2	Training Schools	800
3	Results grants	2000
		3,600

16 The Acting Collector states that a sum of Rs 800 has been provided in accordance with the portion of the pay and allowances of the Deputy Inspector of Schools, and Rs 800 for an Inspecting Schoolmaster. The total of the two items

items, Rs 1300, should have been shown
opposite to the first item. If necessary
correction has been made in this Office.
The Director of Public Instruction
points out that the provision of
Rs 200 for inspection does not include
the salary of the Inspecting Schools-
master, but as the allotment for
Results grants is liberal, he is inclined
to think that the total of grants
will be found sufficient.

17 The total of Grants-in-Aid is higher than
2790 and comprises the following items.

1	Hospitals and Dispensaries	Rs 890
2	Payments to Govt for Vaccine Establishment	1900
		2790

18 The first item is the Local Fund
contribution to the Berhampore Muni-
cipality for the Dispensary at that
place in accordance with the state-
ment appended to the Govt Order, P.D.
dated 9th April 1891, No 491. The Acting
Inspector General, Indian Medical
Department reports that the total expenses
of

of the Institution in 1890-91 was Rs 2,615,
while only Rs 1290 has been provided
to meet the charges of the Current year
leaving a balance of Rs 1,325 for which
no certain provision has been made. He
further states that the voluntary sub-
scriptions in behalf of the Hospital,
amount on an average to Rs 1,300 per annum,
but as the income from this source is
precarious, he suggests that some further
provision should be made from Local
or Municipal funds. The President
will report on this point.

19 The second item provides for the pay
of the Government Vaccinators and the
proportionate cost of Supervision of the
Vaccination Department.

20 The Sanitary Commissioner
points out that no provision whatever
is made in this Circle Budget for
Sanitary expenditure. The Board
of Revenue have accordingly allotted
a lump grant of Rs 1,000 out of the
general Local funds.

21 The abstract for the year ending 31st Dec. 1847
shewing the Contributions from the Local Revenue
of the Presidency (Town) to the
Colleges for the year.

12 Budget Statements

Received by C. Boggs

Chellerpore 11th September 71

27

From

The Acting Collector of
Sangam.

To

The Secretary to the Board
of Revenue
Madras.

Sir

1. With reference to Rule xx of the Local Fund Rules circulated with the Government Order No 965 of the 30th June last, I have the honor to forward herewith Budget Estimates of Receipt and Disbursement of the Local Fund Circle of Chellerpore for 1871-72.

2. In the Road Fund Budget provision has been made not only for the works shewn in the Statement which accompanied the Government Order of the 7th June last No 216 but also for all the incomplete works and Rs 1000 on account of Survey of Roads including the sum of Rs 325-11-4 sanctioned by the Board in their Proceedings of

of the 10th Ultimo No. 3377 and on
Rs. 497-2-6 for which Sanction was
applied for in my letters of the
19th Ultimo 2d. and 4th instant.
Rupees 10,000 have also at the urgent
request of the Superintending Engineer
been provided for the road from
a point on the Akola and Purdah
line to Sirsa in addition to the
10,000 Rupees already entered in
the Statement received with the
Government Order No. 216 dated
the 7th June 1871 for which Request
the Sanction of the Board. The
only work shown in the Statement
which accompanied the Government
Order of the 7th June for which
no provision has been made in
the Road Fund Budget is that
relating to Malcah Roads as the
Local Fund Board at their
recent meeting considered that
this could not be looked
upon as a charge debitable
to Local Funds, the Malcah
not being situated within the
limits of either the Chettepore

or

or Chicacole Circle and the
character being similar to that
of Jeypore for which separate pro-
vision was made vide para 2
of the Government Order No. 265 of
30th June last.

3. Education. A Sum of Rs. 1300
has been provided. Rs 800 on account
of a portion of the pay and allowances
of the Deputy Inspector of Schools
and Rs. 500 for an Inspecting
School Master.

4. Rupees 2,000 have been provided
for Results Grants only because
there are no Rule or Grant in Aid
Schools of the lower Class in this
Circle.

5. Sanitation &c. (1) Rupees 892 and
(2) Rs. 1900 have been provided for
(1) Contribution to the Civil Dispensary
of Berhampore with reference to
Board Proceedings dated
27th April 1871 No 1755 and (2) pay
of all the Government Vaccinators

and

and proportionate Cost of Supervision of the Vaccination Department but as there are no appropriate Columns in Statement III IIIA and III B and IV IVA and IV B these items have not been entered therein although they duly find place in the General budget Statements, Copies of which have been forwarded to the Director of Public Instruction through the Deputy Inspector of Schools, the Inspector General Indian Medical Department, and the Sanitary Commissioner as directed in para 20 of the Rules.

6. The Chief Secretary having telegraphed for the Local Fund Budgets, I have today forwarded

27

forwarded Copies of the same direct to Government

I have the honor to be
Sir
Your Most Obedient Servant

Office of Sanitary Commissioner
Madras 21st September 1871.

No. 1329

From,

The Sanitary Commissioner for,
Madras.

To,

The Secretary to the,
Board of Revenue,
Madras.

Sir,

I have the honor to report that the Budget Estimate of the Chetterpore Local Funds Board contains no provision whatever for Sanitary Expenditure; and as I do not understand how the wants of this Circle can be different from those of other Districts, where bad water and dirty Villages abound, I would suggest the need of revision of the Estimates in this particular.

I have &c

22nd September 1871.

No 5054.

33

From,

The Acg Inspector General,
Indian Medical Department,
Fort Saint George.

To,

The Board of Revenue

Sirs,

I have the honor, under No 71 Local dated 9th July, to offer the following remarks with regard to the provision made for the support of the Berhampore Dispensary, Ganjam District.

2. The total expense of the institution in 1870 amounted to Rupees 2,615, and to meet the charges for the current year only Rs 1,290 have been provided as per margin, leaving a balance of Rupees 1,325, for which no certain provision has been made.

Local Fund grant Chattapore Circle	Rs 890
Municipal grant Berhampore	300
Interest on vested Capital say	100
	Rs 1290

3. The voluntary subscriptions in behalf of the Hospital now average Rupees 1,300 per annum, but as these are always a precarious source of income and as there, in this instance, appears to be anticipations of their declining, it seems

(Enclosure in Proceedings of the Board of Revenue dated 9th October 1871. No 1)

From the Inspector General of Hospitals, Madras, dated 9th September 1871.

Forty-six letters from Sanitary Commissioner for Madras, dated 30th August last and Executive Engineer Ganjam, dated 4th September 1871, with Estimate and Local Fund Board Consultation regarding Hospital for Sanitary Establishment.

L. Fund 6/57

seems to be desirable that some further provision should be made from Local or Municipal Funds.

4. With reference to the Chicacole and Kimedy Dispensaries, also in the Ganjam District, I beg to bring to your notice, that as yet only Rupees 300 have been allotted for the support of the former institution, viz: by the Chicacole Municipality, and so far as Kimedy are concerned no provision whatever has been made for the Kimedy Dispensary.

5. The total charges on account Chicacole Rs of these institutions during 1870 were as Kimedy 1240-
per margin.-

No. 1819.

From,

E. B. Powell Esqre.,
Director of Public Instruction.

To,

The Acting Secretary to the,
Board of Revenue,
Madras.

Sir,

In a letter from the Acting Collector of Ganjam, giving cover to the Budget Estimates for the Local Fund Circle of Chatterpore for 1871-72, it was stated that provision has been made for an Inspecting School Master among other items. This however does not appear to be the case, as the total provision for inspection is only Rupees 800, while a moiety of the Deputy Inspector's pay and allowances is alone 760 Rupees. At the same time the provision for Result grants is so liberal that I am inclined to think that the total provision made will be found sufficient.

I have &c.
(Sd) E.B. Powell
Director of Public Instruction

Do Encl 175/71

are here made to the amount of Rs 6.
You therefore are to take such steps
as may be necessary for the current year 1871-72.

3. The Deputy Inspector of Schools
states that there are at present two Aided
Anglo-Vernacular Schools of the Lowest Class in the
Chandoli Circle. No house tax can therefore
be authorized for the current year.

4. With a view to enable the charges of
Educational inspection and of the grants under
the "Payment for results" system to the
Inspection of Schools, a sum of
Rs 4,300 for the current year

5. The Medical Officer incharge of the
Civil Dispensary, Himdi, estimates the charges
of the Dispensary for the current year at
Rs 1,800. In reference to this a sum of
Rs 2,000 is allotted for the expenses of the
Dispensary for this year. The charges of this
Dispensary borne by the Himdi Estate,
the amount of which is estimated at Rs 1,000
with reference to the actual amount paid in
1870-71 viz Rs 1,060, are entered in the Budget
as

9. The Budget Statements III,
III A and III B are blank, and are not
therefore submitted.

10. The following is an account of the receipts
and charges for 1871-72.

Head Co.

Balance of Road Cess at the beginning of the year		Rs 5078
Add Receipts from General Revenue 15,350.		
Provincial funds — 12,650		
Local funds — 2,700		
Surplus pounds from 500		
Ferry posts — 700		
Avenue Rupees — 10		
Tax Receipts — 1490		
	15,350	5078

Financial Dept.

Proceedings of the Madras Govt
Under date the Oct 1871.

Read the following Nos of
the Board of Revenue.

(R. Dis. 20 Oct. 1871, No 4439)
" 19 " No

Order of Govt. 30th October 1871 No. 623.

With the Proceedings
above recorded the Board of
Revenue submit the budgets
of the Local Funds of Chetter-
-pore and Chicacole in the
Ganjam District.

2. The balance at credit
of the Road Fund were Rs. 12,580.
Of this sum Rs. 7,500 have been
assigned to Chetterpore and
Rs. 5080 to Chicacole. No
explanation is given of this
distribution

distribution, and the Revenue Board will enquire on the point.

3. For educational inspection Rs. 2,800 are provided between the two budgets. The Director's statement of the incumbent charge shews that only Rs. 2010 will be required. Rs. 2200 will certainly suffice, and distributed between the two budgets in the ratio of the expenditure in Educational grants, gives Rs. 1280 for Chetterpore and Rs. 920 for Thiccode. The allotment of Rs. 1300 in the Chetterpore budget may stand, but that made for Thiccode will be

be reduced.

4. For Vaccination Rs. 2650 are provided. Rs. 4873 appear as for the district provision in the medical budget. The mode of calculation of the allotments in these budgets described by the President seems correct; and the Govt. presume that the deficiency is due to the exclusion of vaccine establishments employed in the Khondmahals. The Inspector General Indian Medical Dept. will report on the point. The grants made will stand for the present.

5. Chetterpore. The assets of this local fund amount to Rs. 19,350. The proceeds

records of the cess are entered at Rs 85,303, but the amount of road cess collected in the first three months is not stated. Exactly two-thirds of the whole cess collections ~~amount~~ have been assumed to belong to the road fund and an additional appropriation, properly credited in amount by the Revenue Board to Rs 9,660, has been made. It is certain from the cess that the credits to the road fund are not less than they ought to be; but the Revenue Board should see that in every case the whole of the road cess

cess collected under Act III of 1866 is credited to the Road fund, as well as the proper proportion of land cess under Act IV of 1871. The income of the road fund excluding arrear receipts is Rs 100,570. There are no allotments for Public Works other than communications. The local fund board have omitted to provide the allotment specified in G. O. 7th June 1871, of Rs 5,200 for the maintenance of roads in the Khondmalials beyond the limits of the circle. Such roads must of course remain a charge

charge upon Provincial funds and the P. W. D. is requested to state whether this sum can be made available from assignments from Provincial funds already made to the Department. The Road fund charges are shown in the margin. The balance is large and probably a needlessly large appropriation from general funds has been allowed. Grant I is Rs 93, 180.

	Rs
New Works -	38,090.
Repairs -	38,830.
Establishment	15,920
Tools and plant	770
	94,610
	5,960
	100,570

6. No unions are proposed, and there are no salary grants. Primary Education needs stimulating

in this district, and the Govt trust that the local fund boards will endeavour to further it by the establishment of some schools in 1872-73. An increase of the staff of inspecting school-masters appears one of the first requisites. The allotment of Rs 2,000 for results grants will probably suffice. The amount of Grant II is Rs 3,300.

7. There are no endowed institutions to be transferred to the local fund board. Grant III consists of allotments of Rs 1000 made

made by the Revenue Board for Sanitation; of Rs 1900 for Vaccination; and of a contribution of Rs 890, towards the Civil Dispensary at Berhampore. The latter is the portion of the charges borne by Govt which were ordered to be transferred to local funds. But it was not intended that this contribution should be limited to this sum. The Institution is to be transferred to the Municipal Commissioners and the Collector is authorized to notify in the District Gazette that it is the intention of Govt

6

to declare it so transferred, and will report the details of its receipts and charges. Meanwhile, Rs 1500 will be entered, with reference to Dr. Balfour's remark, as the local fund contribution. Grant III will thus be Rs 4,400.

8. The budget will then be as follows:-

Receipts.	Rs.
Balances	7,500.
Allotments &c	26,550
Rate & taxes	85300.
	119,350

Expenditure	
Grant I.	93,900
Grant II.	3,300
Grant III	4,400
Grant IV	580
	102,360

Balance	
Road fund. 5960.	
General — 11030	16,990
	119,350.

Chicacole

9. Chicacole. The income of this local fund is Rs 77,000 The cess proceeds are estimated at Rs 56,960 and (as in Chittagong) two thirds of this sum, Rs 37,970 are credited to the road fund. The Rev: Board will instruct the Resident as to the sums that are to be actually credited to that fund. The various receipts belong to general funds. The Govt observe that as ferry rents are credited to the road fund, the charges for the repair of ferry boats which, on the strength of the entry under Miscellaneous in the list appended to G.O. 7: June 1871 the Board of Revenue have shown under that head, ought to be debited to the road fund. As a portion of the money will have to be placed at the disposal of the P. W. D. the Govt have inserted the items under "repairs" though perhaps they should more correctly come under item 3C Sr. II. ~~Dt. II~~. The assets of the road fund are estimated at Rs 57,000 and its charges at Rs 56,360. By the inclusion of the ferry charges the

the reserve is reduced to Rs. 4,000. Grant I is Rs. 55,900.

10. By the reduction of the grant for inspection above referred to grant II becomes Rs. 3,720. There are no arrears nor balance grants. The charge which might fairly be made against the Municipality for educational inspection would probably be small, and may be left to arrangement between the local and municipal bodies. The Municipality are at liberty to make the requisite

requisite appropriation.

11. The determination of the local board that because the municipality cannot contribute for inspection the local board will not pay for the Chicacole dispensary, is unreasonable and opposed to the instructions issued. Looking to the amount of the estimated charges of the dispensary the Govt think Rs. 1,700 too much for the local funds to pay. The Govt have reduced the proposed contribution to Rs. 1,500, and the balance of the charges must be met from Municipal funds

This leaves only Rs. 300 to the municipality, which however is a very poor one

i.e. 3/4 local 1/4 municipal

funds. The Collector will notify that it is the intention of Govt to declare the Thi-caeode dispensary vested in the Municipal Commrs and that at Kumsdy in the local fund board. The provision for the latter institution seems excessive, but is passed. There are no Endowed chaultries or other institutions proposed to be transferred. Grant III is Rs. 6,250.

12. The revised budget is as follows: —

Receipts.	Rs.
Balances	5050.
allotments	13,960.
Rates & taxes	56,960.
Contributions	1,000
