Proceedings of the Madras Government, Financial Department,
30th November 1871.

No. 124. Read the following Proceedings of the Government of India in the Financial Department, dated Simla, 31st October 1871, No. 4797 :—

Read the under-mentioned correspondence regarding an application from the Government of Fort St. George for an increased establishment for the Paper Currency Department in that Presidency which has been recently placed under the Accountant-General at Madras, involving a present permanent increase of Rupees 116 and a maximum increase of Rupees 216 a month (as shown in the tabular statement of the Head Commissioner of Paper Currency of the 12th June last).

Letter from the Government of Fort St. George, No. 248, dated 27th June 1871, and enclosures.

Endorsement to the Head Commissioner of Paper Currency, No. 2232, dated 19th July 1871.

Letter from ditto, No. 469, dated 10th October 1871.

Resolution.—The application is sanctioned with the following modifications which are adopted from the report of the Head Commissioner of Paper Currency.

2. The pay of the Treasurer is to be a progressive pay of Rupees 200 rising to Rupees 250 to be made by annual increments of Rupees 10. The present incumbent may, however, have the immediate benefit of one year's increase.

3. The present salary of the Head Accountant, viz., Rupees 200, is considered quite sufficient when compared with other officers; his responsibility is far less than that of the Treasurer. The proposed increase is, therefore, disallowed.

4. The necessity for additional Gollahs is not clearly made out. The two already in the Issue Department, three in the Exchange, and one in the Cancelling Department are considered sufficient.

5. The amount of coin received and examined in a year is stated by the late Commissioner of Paper Currency (see paragraph 3 of his letter to the Government of Fort St. George, No. 1586, of the 23rd November 1870) to be Rupees 42,880. *It is observed that*, in Calcutta, one man can examine in a day from 15,000 to 20,000 Rupees; taking the smaller quantity and allowing 286 working days in the year, one man could examine the whole of the coin received if the work were distributed equally throughout the year. This is far from being the case, but with a Deputy Bullion keeper and head shroff in the Issue Department, and a coin receiver and two shroffs in the Exchange Department, it is not understood why an additional shroff with six coin assorters are required; no difficulty is found by the Treasurer in the Calcutta Treasury Office in engaging temporary assistance for this duty whenever it is required. The special reasons stated for the allowance of Rupees 100 a month to the present Deputy Treasurer are accepted, but on the occurrence of a vacancy, the pay should be limited to Rupees 60 rising to Rupees 100 by annual increases of Rupees 5.

Order.—Ordered that a copy of the foregoing Resolution be forwarded to the Government and the Accountant-General, Madras, and to the Head Commissioner of Paper Currency.
