Not to be folded or roughly handled

No. 72. Read the following Proceedings of the Board of Revenue, dated 25th October 1871, No. 4491 :—

Read again letter from the Collector of the Godavery District, dated 3rd July 1871, No. 226, recorded in Board's Proceedings, dated 21st July 1871, No. 3057.

Read also the following letter from the Officiating President of the Local Fund Boards, Godavery District, to the Acting Secretary to the Board of Revenue, dated Cocanada, 13th September 1871, No. 10 :—

ABSTRACT.—Re-submits for sanction the estimate, &c., amounting to Rupees 2,00,000, for constructing a road from the Godavery river bank at Tallapudi to Ashwaravupeta, and states that a sum of Rupees 5,000 has been provided for this work in the budget of the Rajahmundry Circle for 1871-72.

The survey, plans, and estimate, amounting to Rupees 2,00,000, for constructing a road from Thallapudi on the Godavery to Ashwaravupeta on the Hyderabad frontier (length 44 miles, 4 furlongs, and 66⅔ yards) will be submitted for sanction of Government.

2. The estimate, which does not provide for all the larger bridges, is made up of the following items :—

	RS.
1. Earth-work	53,270
2. Gravelling	13,887
3. Turfing	1,075
4. Clearing jungle	242
5. Mile stones	5,980
6. Compensation for land	15,770
7. Minor masonry works	1,720
8. Store sheds	
Total ...	2,00,000

3. The road in question is to run right through the Yernagudem Taluq to open out all that extent of country and connect it with the river. Mr. Fraser states that "the Taluq is at present one of the most backward in the district, both as "regards roads and cultivation; but with the remedy of the former defect, the "latter want will soon be re-placed by great extension of cultivation." For reasons stated, Mr. Fraser advises the construction of the first 16 miles of the road up to Yahdavole, which is the most impassible portion at present and requires the largest outlay, leaving the direction of the line from that place to be settled hereafter. The President will, in communication with the Superintending Engineer, decide this point, and report the result to the Board of Revenue.

4. The work is provided for in Part I. of the current year's revised Road Fund Budget of the Rajahmundry Circle, which will be shortly laid before Government.

(A true Extract.)

(Signed) J. B. PENNINGTON,
Acting Secretary.
