Proceedings of the Madras Government, Financial Department,
3rd August 1872.

No. 51. Read the following letter from the Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce (Agriculture and Horticulture), to the Secretary to Government, Fort St. George, dated Simla, 6th July 1872, No. 7-274 :—

It is believed that, under the auspices of the several Municipal Committees, experiments for ascertaining the value of poudrette as a manure, the best methods of applying it, the soils and crops to which it is best suited, and other similar points are in progress in different parts of the country. I am accordingly desired to request that, with the permission of His Excellency the Governor in Council, the Government of India may be kept informed of the progress and results of such experiments.

No. 52. ORDER THEREON, 3rd August 1872, No. 1044.

Communicated to the Presidents of the several Municipal and Local Fund Boards, who will furnish Government with reports on the progress and results of any experiments which may be made for ascertaining the value of poudrette as a manure.

SIR,

IT is believed that under the auspices of the several Municipal Committees, experiments for ascertaining the value of poudrette as a manure, the best methods of applying it, the soils and crops to which it is best suited, and other similar points, are in progress in different parts of the country. I am accordingly desired to request that with the kind permission of His Excellency the Governor in Council the Government may be informed of the progress and results of such experiments.

I have the honor to be,

SIR,

Your most obedient Servant,

Secretary to the Government of India.
