Read again Proceedings of the Board of Revenue, dated 10th May 1872, No. 749.

Read the following letter from the President of the Local Fund Boards, Malabar, to the Secretary to the Board of Revenue, dated Calicut, 22nd April 1872, No. 36:—

The Board are aware that the dangerous state of the Murat Bridge was noticed in my letter to Board, dated 28th January last. This bridge is situated on the coast road, some 25 miles north of Calicut.

2. An estimate of the probable cost of replacing the wood-work of the bridge has been approved by the Superintending Engineer, 7th Division.

3. The work has the general approval of the Local Fund Board of the Tellicherry Circle, and the estimate will be laid before them at the next meeting.

4. As the work is emergent, I have the honour to request the Board will be pleased to sanction the amount of the estimate, viz., Rupees 9,430, from the Road Fund Reserve of the Tellicherry Circle for the current year.

5. The work will be carried out by the Department of Public Works.

As funds are emergently required, the Board resolve to allot Rupees 4,000 from the Road Fund Reserve, and the Accountant-General will be requested to place that sum at the disposal of the Public Works Department.

2. The estimate must be submitted in due course for the sanction of Government.

3. The Road Fund Reserve of the Tellicherry Circle amounts to Rupees 12,700, and if Rupees 9,430 are taken from it only Rupees 3,270 will be left for incomplete works and other unforeseen or emergent works required during the year. This seems to be too small a sum, and if so, the President must find some other source from which funds can be provided.
