Proceedings of the Madras Government, Financial Department,
***19th August* 1872.**

No. . Read the following letter from the Collector of Malabar, to the Chief Secretary to Government, Fort St. George, dated Calicut, 30th July 1872, No. 41:—

In reply to Proceedings of Government, dated 20th July 1872, No. 936, inquiring when the intention of Government to transfer the Calicut Dispensary and Leper and Small-pox Hospitals was notified in the District Gazette, I have the honour to report that the Notification was made in the Gazette of the 29th June 1872. In my letter of the 5th July there was an error in the wording, the Notification being described as of *transfer* instead of *intention to transfer*.

2. The Municipal Budget having been framed on the supposition that these hospitals were to be provided therefrom, and having been approved, it was inferred that the proposed transfer was approved.

3. In the case of the Leper and Small-pox Hospitals, the Notification is a mere form, the institutions being hitherto purely Government charities, and the public having no claim on them in respect to charitable contributions.

4. The Dispensary has hitherto been managed by a Committee, the majority of whom are Municipal Commissioners. Great difficulty has for some time been experienced in obtaining a quorum at Committee meetings, and difficulties have also been experienced owing to temporary failure of interest. By placing the hospital in the Municipal Budget this difficulty will be obviated. The hospital loans are secured on real property, and the money is therefore safe.
