No. 105. To the Secretary to the Government of India, Financial Department, dated Ootacamund, 17th September 1872, No. 1234.

I am directed to request that the Resolution of the Governor-General in Council, dated the 24th July last, No. 1318, to the effect that a monthly allowance of Rupees 30 from Provincial Funds should be made, under certain circumstances, to a Station Staff Surgeon, may be reconsidered.

2. I am directed to submit that the Resolution in question, which imposes the payment of a certain charge, at a rate determined by the Government of India, upon Provincial Funds, is opposed to the principle of the Decentralization Resolution of the 14th December 1870, under which a lump sum is granted to each Local Government for the maintenance of certain services, on the express understanding that the mode in which that grant is to be distributed is to be exclusively determined by the Local Government, subject to the conditions specified in paragraph 21 of the Resolution.

Requesting the reconsideration of the Resolution passed by the Government of India to the effect that a monthly allowance of Rupees 30 from Provincial Funds should be made, under certain circumstances, to a Station Staff Surgeon, as being opposed to the principle of the Decentralization Resolution of the 14th December 1870.

This case is one
of very unusual kind
under the Resolution of
the principle of the Provincial Services
that a Local Govt. should be asked to pay
out of Local Funds
Communicated to the
Inspector General Indian Medical
Department -

"Provincial Funds" are Funds appropriated annually by the Govt. of India to each Local Govt for certain specified classes of objects, on the understanding that the mode in which they are to be distributed among such objects is to be ultimately determined Each Local Govt. It would appear therefore that the Resolution cannot properly be acted upon

The Inspector General Indian Medical Department -

The principle is so important that I would at once remonstrate.
