Proceedings of the Madras Government, Financial Department,
8th February 1872.

No. 26. Read the following Resolution of the Government of India in the Financial Department, dated Fort William, 24th January 1872, No. 633 (Accounts):—

By Orders, No. 2231, dated the 30th July 1870, the 7th January was fixed as the day on which each Accountant-General must positively despatch the Provincial Estimates for the following year to this Department and to the Comptroller-General.

2. Of the several Provincial Estimates for 1872-73, those of Bombay, Oudh, and the North-Western Provinces have not yet been despatched. The Local Governments and Accountants-General concerned are requested to furnish a full explanation of this great delay, which is much to be regretted, and which is causing serious inconvenience.

3. The day fixed for the submission of estimates should always be absolutely observed; no consideration being allowed to interfere with their punctual despatch.

4. The 7th January is already a late day, later than it has been customary to fix; and, if Local Governments and Account Officers are not punctual to that date, it will be necessary to revert to an earlier date.

5. It is essential that some time should be at the disposal of the Government of India to criticise the estimates and to consider them as a whole after they are put together; and, obviously, this cannot be secured if the local estimates are not punctual.

Ordered that the foregoing Resolution be communicated to the several Local Governments and Administrations; the Comptroller-General, and the several Offices of Account.
