Proceedings of the Madras Government, Financial Department,
4th October 1872.

Read the following papers :—

No. 40. Proceedings of the Board of Revenue, dated 23rd August 1872, No. 1678.

From G. VANSAGNEW, Esq., President of the Local Fund Board, Nellore, to the Secretary to the Board of Revenue, dated 10th July 1872, No. 378:—

I HAVE the honour to report on the formation of an Educational Union at Kundukur, this town being one of the thirty-eight in respect of the Schools in which it was proposed to establish Unions for 1872-73.

2. The Deputy-Inspector of Schools sent in to the Local Fund Board the names of only three Pial Schools which had fulfilled the conditions of Rule XI. of the Local Fund Act. On visiting the place, the Deputy-Collector discovered that, besides the three schools alluded to, there were several other Pial Schools, both Telugu and Hindustani, as well as an Anglo-Vernacular School, all of which seemed deserving of support.

3. Taking into consideration the importance of the town, which is the Head-quarters of a Tahsildar and an Inspector of Police, and has a Police Station and a Post Office, the Local Fund Board, on the strong representations made by both the Officiating Deputy-Collector and the Deputy-Inspector of Schools, and in accordance with the general wishes of the people, has decided to establish an Anglo-Vernacular School at Kundukur.

4. The Anglo-Vernacular School already in existence is said to have been opened some five years ago by private enterprise, and has since been maintained partly by subscriptions and partly by a Grant-in-aid from Provincial funds, and boasted at one time a very large establishment. It has, however, fallen from its high estate, and at the time of the Deputy-Collector's visit was in charge of only one Master.

5. The Deputy-Collector proposes to club together two of the three Pial Schools referred to in para 2, *(Supra)* one of the Hindustani Schools and the Anglo Vernacular School and to make of the whole an Anglo-Vernacular School to be styled the Kundukur Union School; and, as the proposal seems to be fair, and in every way consonant to the wishes of the people, the Local Fund Board have given it their approval and sanction. More than 300 of the houses proposed to be taxed belong to Mahomedans, and it seems but fair, therefore, that their children should have an opportunity of being instructed in their native language.

6. The Union consists of the villages of Kundukur and Perabhotla Gopala bhotla Khandriga, and extends over an area of 25 square miles. It is bounded on the north by the southern boundaries of Kovur, Kundi, Kundukur, and Palakur East by the western boundaries of Vogur and Atmakur. South by the Northern boundaries of Paluru, Mopadu, Kondamudisupalem and Kakatur. West by the Eastern boundaries of Yedlurupadu, Anantasagaram, and Singaribhotla Shrotriam

7. There are 1,631 houses in all; 497 of these have been exempted from the tax, and the remaining 1,134 have been classified as below:—

Dwellings thatched	from	5 to 8	Ankanams.	6th Class.
Shops do.	up	to 5	do.	
Dwellings tiled	up	to 5	do.	
Do. do.	from	5 to 10	do.	5th ,,
Shops do.	from	5 to 10	do.	
Dwelling thatched		8 to 20	do.	
Do. do.		20 to 30	do.	4th ,,
Shops do.		10 to 20	do.	
Dwellings tiled		10 to 20	do.	
Do. do.		20 to 30	do.	3rd ,,
Do. thatched		30 to 40	do.	
Do. do.		above 40	do.	2nd ,,
Do. tiled	from	30 to 50	do.	
Do. do.		above 50	do.	1st ,,

8. The proposals in respect to sanitation and improvements are similar to those made in former reports, and the greater portion of these have been sanctioned for expenditure from General Funds. The want of good drinking water is greatly felt, and the inhabitants petitioned for the repair of the tank from which they are principally supplied. The Range Officer has been called on to examine and report on the proposal, and steps will be taken on the receipt of his report to remedy the defect complained of.

9. I beg to enclose for approval and sanction, a Statement, showing the particulars of the proposed house tax, together with a revised Budget of Receipts and Expenditure in the usual form. A draft notification, showing the limits of the Union and the rate of tax, is also appended for approval and sanction.

From the same Officer, dated 8th August 1872, No. 471.

In reply to Board's Official Memorandum No. 979, dated 22nd July 1872, I have the honour to state that the greater portion of the houses taxed are situated at within half a mile's distance from the School. A few of the poorer houses in the Union lie a mile and a quarter away from the School, but the generality of these have been exempted from the tax.

The Collector's proposals for forming a School Union at Kundukur and the draft notification will be submitted for the orders of Government.

2. The union is to comprise twenty-five square miles but the Board understand the Collector to mean by his second letter that the greater part of the houses taxed are within half a mile from the proposed School and none more than a mile and a quarter from it.

3. The town is the head-quarters of the taluq reported on by the Officiating Deputy-Collector in the report submitted with Board's Proceedings, 30th July 1872, No. 1,445. It contains an Anglo Vernacular School which is dying out, three Pial Schools which fulfil the conditions of Rule XI. and several other Telugu and Hindustani Schools which deserve support.

4. The Local Fund Board propose to substitute a middle class Union School for two of the three Pial Schools qualified under Rule XI., one Hindustani School and the Anglo-Vernacular School. This is said to be "in every way consonant to the wishes of the people," so that it may be presumed that the parties interested in the Schools which are to be absorbed will acquiesce in that arrangement.

No. 41. From the President of the Local Fund Board, Nellore, to the Chief Secretary to Government, Fort St. George, dated Nellore, 18th September 1872, No. 524.

I have the honour to state in reply to Official Memorandum, No. 228, of 4th September 1872, from the Under Secretary to Government, Financial Department, that the Rupees 240 referred to is the amount of grants-in-aid made to the 1st and 2nd Masters of the Kundukur School by Government, and, as this is a middle-class school, these grants will, it is presumed, still continue to be disbursed from Provincial Funds.

2. The amount of the Government grant will in future be entered in column 3*a* of Statement III. It was in this case omitted by oversight. Statements III. and III.-A have been revised, and are herewith submitted for approval.

No. 42. Order thereon, 4th October 1872, No. 1331.

The Nellore Local Fund Board propose to form a Union School at Kundukur by the amalgamation of four schools, one of which is of the middle class, and the President presumes that the Government grant-in-aid now paid to the latter will continue to be disbursed from Provincial Funds.

2. The transfer to Local Fund Boards and Municipalities of the control over existing aided middle-class schools (other than those established under Act VI. of 1863) formed no part of the original scheme of Government; but, as several such applications have been received, the opinion of the Director of Public Instruction is requested with reference to the effect of sanctioning these transfers when desired by the Local Boards, and continuing the grants-in-aid from Provincial Funds.
