No. 72. Read the following letter from the President of the Municipal Commission, Cuddapah, to the Chief Secretary to Government, Fort St. George, dated Cuddapah, 13th September 1872, No. 68 :—

I have the honour to forward the annual report of the Cuddapah Municipality for 1871-72, together with the statements required by Government in their Orders, dated October 28th, 1871, No. 1646, and dated May 4th, 1872, No. 627.

The Towns' Improvement Act appears to me to have worked very well. It is difficult to obtain an opinion from an apathetic people who have never been accustomed to do anything for themselves. They accept the Municipality as a Government institution, and think no more about it. The Native Commissioners take considerable interest in the affairs of the town, and devote a large portion of their time to municipal work. As far as I can make out the inhabitants are not opposed to the Act, though they probably still think they would get on quite as well without it.

Annual Report of the Cuddapah Municipality for the year 1871-72.

Statements I., II., III., and IV. show respectively the new works and improvements carried out, the charges incurred, and the sums received during the year as required by Government in their Proceedings, dated 28th October 1871, No. 1646, Public Department.

2. The balance at the credit of the Municipality, at the commencement of the year, was Rupees 461-4-1. The receipts, current and arrears, during the year, from the various sources detailed in Statement I., amounted to Rupees 19,277-4-9. The decrease under the head of "Receipts" on account of "Rates on Houses" and "Taxes on Arts," as compared with the Budget Estimate, was owing to the late period at which bills for the year under review were issued. At the close of the year there was a balance of Rupees 3,671-4-0 on the former head, and Rupees 815-12-0 on the latter. These balances have been since collected, and an amount of Rupees 252-14-0 on account of "Rates on houses," and Rupees 102-8-0 on account of "Tax on Arts," has been struck out as irrecoverable.

The expenditure during the year amounted to Rupees 17,048-9-9, as particularized in Statement II.

The outlay incurred upon Grant I. was Rupees 6,384-2-6. The details are distinctly shown in Statement II.-A. Results' grants, amounting to Rupees 147-4-0, have been paid to different schoolmasters in the town on the certifying memoranda passed by the Director of Public Instruction.

Another item of Rupees 50 in Grant II. is payment made as grants to ten pial schoolmasters within the town. This was only paid for a month and afterwards discontinued. Rupees 6,654-1-8 have been expended on Grant III., "Sanitation and Medical Services," out of which Rupees 1,600 have been remitted to the Treasury on account of the expenditure of the Civil Dispensary. The cost of conservancy operations was Rupees 4,702-1-8. The town is fairly lighted at a cost of Rupees 622-0-7. Planting avenues has cost Rupees 683-5-0. Cart-hire for visiting cholera patients, and the construction of chunam kilns, were charges incurred in the preceding year, but payment was paid in this year. The final enumeration of the census took place on the 15th November 1871. The total number of the

population was found to be 16,445. On account of the census Rupees 230-2-0 have been expended. The other items need no comment. There was a balance of Rupees 2,939-15-1 inclusive of deposits at the close of the year. Every attention has been paid to the cleanliness and sanitation of the town. Carts regularly go round and carry away the filth and rubbish from houses as well as from places provided for the deposit of the same. The drains and streets are daily swept and kept very clean. The general health of the town has been good, and there has been a comparative absence of epidemics during the past year. The Commissioners consider that the measures they have adopted and the improvements made are satisfactory to the people in general as well as to themselves. Three hundred and fourteen persons have been vaccinated during the year, of which 237 cases were successful; and to promote vaccination it was lately decided that a small pecuniary payment be made to those who voluntarily offer themselves for vaccination. The Commissioners have opened birth and death registers in their office since the commencement of the year. Six hundred and thirteen deaths were reported from the following causes:—

Cholera	27
Small-pox	30
Fever	388
Bowel complaints	30
Injuries	11
All other causes	127
Total	613

Five hundred and four births were recorded. Of course this must be incorrect, but it is a most difficult matter to get the people to report births.

Appended also is a statement in the form prescribed in G. O., dated 4th May 1872, No. 627. The Commissioners have experienced no opposition to their operations. The trifling amount received on account of fines and distraining fees shows to how small an extent the penal provisions of the Act have been put in force. Tolls have been let out on contract, and no complaints have ever been brought to the notice of the Commissioners or to the Magistrates of any oppression or irregularity on the part of the contractors or the toll collectors employed by them.

The accounts have been audited by the Head Accountant of the Collector's Department, whose report is appended.

(Signed) W. D. HORSLEY,
President.

From the Auditor of the Municipal Accounts, Cuddapah, to the Vice-President of the Municipal Commission, Cuddapah, dated Cuddapah, 5th September 1872.

With reference to your letter, No. 35, dated 4th July 1872, to the Treasury Deputy Collector, communicated to me by the latter, I have the honour to inform you that I have examined accounts for the year 1871-72, which I found quite correct.

2. Amongst the cheques issued by the Vice-President in the year under review, five cheques, dated 15th August 1871, do not bear his signature; the Manager explains the cause of this omission

Proceedings of the Madras Government, Financial Department,
4th October 1872.

by an oversight, which I have every reason to believe to be true on his part in not having taken the Vice-President's signature, who at the time happened to be on circuit, but payments have been made on the strength of the bills passed by the Vice-President; with this exception I find the ledger, cash-book, and statements of receipts and disbursements to be correct.

3. With the assistance of the Manager I was able to compare the receipts and disbursements in the cash-book with their proper vouchers passed by the Vice-President, and they tally in every respect.

4. I beg to add that I have no suggestions to offer for improving the present system in which the accounts are kept.

5. The statements are herewith forwarded countersigned by me in proof of their correctness.

No. 73. ORDER THEREON, 4th October 1872, No. 1352.

From the statements accompanying the annual report of the Cuddapah Municipality, it appears that the receipts for the year amounted to Rupees 19,738, and the expenditure to Rupees 17,049, leaving a balance on hand at the close of the year of Rupees 2,689.

2. In Statement II. the Auditor's fee should have appeared as a charge against Supervision and Management. The necessary correction has been made in the marginal abstract. The President will explain the duties of the Overseer whose pay appears under Grant V. (Supervision and Management). As an ordinary rule, an Overseer's pay forms a charge against Grant I. (Public Works), or Grant III. (Sanitation and Medical Services).

3. From Statement IV. it appears that, at the end of the year, the uncollected balance was forty per cent. of the current demand. The arrear demand amounted to Rupees 2,036, of which Rupees 1,332 were collected, and the remainder remitted or written off as irrecoverable.

4. The Auditor's report shows that the municipal accounts are very well kept. The expenditure on New Works amounted to Rupees 1,226, of which Rupees 1,096 were spent on Sanitary and Miscellaneous works, while under Repairs Rupees 3,105 out of Rupees 5,008 were expended on Communications. The conservancy and lighting of the town were well-attended to, while something was done towards vaccination, registration of births and deaths, and education.

A sum of Rupees 1,600 was remitted to the Treasury on account of the Dispensary, but no information is supplied with reference to the working of that institution.

5. With reference to G. O., dated 4th May 1872, No. 627, the Government are glad to learn that the Commissioners have experienced no opposition to their operations.

Sir,

With reference to your letter No. 35 dated 4th July 1872 to the Treasury Deputy Collector communicated to me by the latter, I have the honor to inform you that I have examined accounts for the year 1871-72 which I found quite correct.

2. Amongst the cheques issued by the Vice President in the year under review five cheques dated 15th August 1871 do not bear his signature, the Manager explains the cause of this omission by an oversight, which I have every reason to believe to be true on his part in not having taken the Vice Presidents signature who at the time happened to be on Circuit, but payments have been made on the strength of the bills passed by the Vice President - with this exception I find the Ledger, Cash Book and Statements of receipts and disbursements, to be correct.

3. With the assistance of the Manager I was able

able to compare the receipts and disbursements in the Cash-book with their proper Vouchers passed by the Vice President and they tally in every respect.

4. I beg to add that I have no suggestions to offer for improving the present System in which the accounts are kept.

5. The Statements are herewith forwarded counter-signed by me in proof of their correctness.

I have the honor to be

Annual report of the Cuddapah Municipality for the year 1871-72.

17.

Statements 1. 2. 3 and 4 show respectively the new work and improvements carried out, the charges incurred and the sums received during the year as required by Government in their Proceedings dated 28th October 1871 No 1646 Public Department.

2. The balance at the credit of the Municipality at the commencement of the year was Rupees 461-4-1. The receipts current and arrears, during the year from the various sources detailed in Statement I amounted to Rupees 19277-4-9. The decrease under the head of Receipts on account of "Rates on Houses" and "Taxes on Arts" as compared with the Budget estimate, was owing to the late period

at which bills for the year under review were issued. At the close of the year there was a balance of Rupees 3671-4-- on the former head and Rupees 815-12-- on the latter. These balances have been since collected and an amount of Rs. 252-14-- on account of "Rates on Houses" and Rs. 102-8-- on account of "Tax on Arts" has been struck out as irrecoverable.

The expenditure during the year amounted to Rs. 17048-9-9 as particulars rigged in Statement II.

The outlay incurred upon Grant I was Rs. 6.384-2-6. The details are distinctly shown in Statement II A. Results Grants amounting to Rs. 147-4-- have been paid to different School Masters in the Town on the Certifying Memoranda passed by the Director of Public Instruction.

Another item of Rupees 50 on Grant II

as payment made as grants to 10 pial School Masters within the Town. They was only paid for a month and afterwards discontinued. Rupees 6654-1-8 have been expended on Grant III "Sanitation and Medical Services" out of which Rs. 1600 have been remitted to the Treasury on account of the expenditure of the Civil Dispensary. The cost of Conservancy operations was Rs. 4702-1-8. The town is fairly lighted at a cost of Rs. 622-4-7. Planting avenues has cost Rs. 683-5-4. Cart hire for visiting Cholera patients and the construction of Chunam kilns were charges incurred in the preceding year, but payment was made in this year. The final enumeration of the Census took place on the 15th November 1871. The total

number of the population was found to be 16446. On account of the Census Rupees 230-2-0 have been expended. The other items need no comment. There was a balance of Rupees 2.939-15-1 inclusive of deposits at the close of the year.

Every attention has been paid to the cleanliness and sanitation of the town. Carts regularly go round and carry away the filth and rubbish from houses as well as from places provided for the deposit of the same. The drains and streets are daily swept and kept very clean. The general health of the Town has been good and there has been a comparative absence of epidemics during the past year. The Commissioners

consider that the measures they have adopted and the improvements made are satisfactory to the people in general as well as to themselves. 314 persons have been vaccinated during the year of which 237 cases were successful, and to promote vaccination it was lately decided that a small pecuniary payment be made to those who voluntarily offer themselves for vaccination. The Commissioners have opened Birth and Death Registers in their office since the commencement of the year. 613 deaths were reported from the following causes.

Cholera	27
Small pox	30
Fever	388
Bowel complaints	30
Injuries	11
All other causes	127
Total	613

504 Births were recorded. Of course
ther must be incorrect, but it is a
most difficult matter to get the
people to report births.

I appended also a statement
in the form prescribed in Govern
ment Order dated 4th May 1872
No 627. The Commissioners have
experienced no opposition to their
operations. The trifling amount
received on account of fines and
distraining fees shows to how small
an extent the penal provisions of the
Act have been put in force. Tolls
have been let out on contract and
no complaints have ever been
brought to the notice of the Com
missioners or to the Magistrates

of any oppression or irregularity
on the part of the Contractors or the
Toll Collectors employed by them.

The accounts have been audited
by the Head Accountant of the
Collector Department whose report
is appended.

To The Honorable A S Ellis C.B.
Chief Secretary to Government
Public Department
Fort Saint George.

Sir,

I have the honor to forward the Annual report of the Cuddapah Municipality for 1871-72, together with the statements required by Government in their Order dated October 28th 1871 No 1646 and dated May 4th 1872 No 627.

The Towns Improvement Act appears to me to have worked very well. It is difficult to obtain an opinion from an apathetic people who have never been accustomed to do anything

for themselves. They accept the Municipality as a Government institution and think no more about it. The Native Commissioners take considerable interest in the affairs of the Town and devote a large portion of their time to Municipal work. As far as I can make out the inhabitants are not opposed to the Act though they probably still think they would get on quite as well without it.

I have the honor to be

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the President of the Municipal Commissioners Cuddapah, dated 13th September 1872. No 68.

Order thereon, dated 4 Oct 1872 No 1352

From the Statements accompanying the annual report of the Cuddapah Municipality, it appears that the receipts for the year amounted to Rs 19,738, and the expenditure to Rs 17,049 leaving a balance on hand at the close of the years, of Rupees 2,689.

Receipts		
Current Taxes		
Rate on Houses	2,438	
Tax on Arts	3,493	
Tax on Vehicles	788	
Regn. of Carts	461	
Tolls	6,700

Fines	66	
	13,967	
Arrear taxes		
Rate on Houses	1,077	
Tax on Arts	255	
	15,299	
~~Fort contributions~~	~~292~~	
Miscellaneous	3,943	
Advances recovered	35	
Balance brought forwd	461	
	Rs 19,738	

2. ~~In Statement I, Rent~~

~~Cost~~

~~cess should have been en-~~
~~tered as an assignment by~~
~~Government, and~~ In Statement
III the Auditor's fee should
have appeared as a charge
against Supervision and Ma-
nagement. The necessary
corrections have been made
in the marginal abstracts.
The President will explain
the duties of the Overseer
whose pay appears under
Grant V (Supervision and
Management). As an ordina-
ry rule, an Overseer's pay
forms a charge against Grants
I (Public Works) or Grant
III (Sanitation and Medical
Services).

3. From Statement III
it appears that at the end
of the year the uncollected
balance was ~~as high as~~
40 per cent of the current
demand. The arrear demand
amounted to Rs 2036 of
which Rs 1832 were col-
lected, and the remainder
remitted or written off as
irrecoverable.

4. The Auditor's report
shows that the municipal
accounts are very well ~~satisfactorily~~
kept. The expenditure on
New Works amounted to Rs
1226, of which Rs 1096
were spent on Sanitary and
Miscellaneous works while
under Repairs, Rs 310 out

out of Rs 5,007 were expended on Communications. The Conservancy and lighting of the town were well attended to, while something was done towards vaccination, Registration of Births and Deaths, and Education. A sum of Rs 1600 was remitted to the Treasury on account of the Dispensary but no information is supplied with reference to the working of that institution.

5. With reference to G.O dated 4th May 1872, No. 627, the Government are glad to learn that the Commissioners have expressed no opposition to their operations.
