No. 265. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort St. George, dated Madras, 16th October 1872, No. 2302 :—

I have the honour to subjoin copy of a letter from the Inspector of Schools, 5th Division, in which is given the information called for in G. O., Financial Department, No. 1244, of the 19th ultimo.

2. My proceedings, referred to by the late Deputy Inspector of Schools for the district of Madura, desired Examining Officers to arrange so that all certifying memoranda for results' grants should be issued by the end of February, so that payment might be made before the close of the official year.

3. It is to be observed that the schools will have two examinations in the current year.

From the Inspector of Schools, 5th Division, to the Director of Public Instruction, dated Pulney Hills, 7th October 1872, No. 569.

With reference to your endorsement upon G. O. of 19th September 1872, No. 1244, I have the honour to observe that the statement of the Municipal Commissioners of Dindigul that no work was done by the Educational Inspectorate within the Municipality must be understood of the work performed by the Deputy Inspector in examining village schools.

2. With the assistance of that officer I examined, as usual, the Taluq School and the Christian Vernacular Education Society's Training Institution in the month of January last. This is the principal work to be done in the year in the Municipality, the remaining work consisting of a few village schools on the results' system, and these, I have no doubt, were left unexamined by the late Deputy Inspector, who wrote to me as follows under date 9th March:—"Though a considerable portion of my time this year was spent in assisting Revenue Officers in the formation of School Unions, and the collecting of materials for a report on primary education, I have inspected more Results' Schools than last year, and leave a smaller number of such schools unexamined than I did last year for want of time. I should have left no school unexamined had the managers sent in applications in time. The Director's Proceedings, No. 1362 of 1870, prohibits the examination of any more schools." The Deputy Inspector resigned his appointment in March, and the new Deputy was not appointed until the current official year. The solution of the Board of Revenue is evidently the correct one, and the schools that were not examined in 1871-72 will (under G. O., No. 801, of June 1872) have two examinations in 1872-73. I do not see, therefore, why the Dindigul Municipality should object to pay the sum they agreed to give as their share of the cost of the subordinate inspection.

No. 266. ORDER THEREON, 28th October 1872, No. 1469.

Communicated for the information of the Municipal Commissioners, Dindigul.

2. The Government trust that, with the explanation now submitted, the Commissioners will no longer object to the payment of their share of the cost of educational inspection for the year 1871-72.
