Proceedings of the Madras Government, Financial Department,
23rd November 1872.

No. 79. Read the following letter from the Inspector-General of Hospitals, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 16th November 1872, No. 363 :—

Paragraph 2 of G. O., No. 1136, of 8th October 1842, requested a further report on the Standard Plan for a Civil Dispensary. Dr. Cornish and myself have accordingly again examined the plan, and we are of opinion that the portions in the main buildings proposed for purposes other than wards are not greater than are needed for Administrative Offices. The seeming excess of space is owing to the circumstance that part of the proposed Hospital accommodation is now to be allotted to several other buildings detached from the main block, which, if added on to the main building, would quite remove the present appearance of disproportion in the space allotment. Also, in all such institutions, it is the out-patients that preponderate, and for them, to do them justice, the Medical Officer needs to have a fair amount of accommodation.

No. 80. ORDER THEREON, 23rd November 1872, No. 1554.

Ordered to be communicated to the District Municipalities in continuation of G. O., dated 8th ultimo, No. 1136.

(True Extract.)

W. HUDLESTON,
Officiating Chief Secretary.

To

The Chief Secretary to Government
Public Department.

Sir,

Para 2 of G. O. No 1136 of 8th October 1872, requested a further report on the Standard plan for a Civil Dispensary. Dr Cornish and myself have accordingly again examined the plan, and we are of opinion that the portions in the main buildings proposed for purposes other than wards are not greater than are needed for administrative offices. The seeming excess of Space is owing to the circumstance, that part of the proposed hospital accommodation is now to be allotted to several other buildings detached from the main block, which, if added on to the main building, would quite remove the present appearance of disproportion in the Space allotment. Also, in all such institutions, it is the out-patients that pre-ponderate and for them, to do them justice, the Medical Officer needs to have a fair amount of accommodation.
