No. 7. Read the following Proceedings of the Board of Revenue, dated 18th November 1872, No. 2227 :—

Read the following letter from G. D. LEMAN, Esq., Acting President of the Local Fund Boards, Kistna District, to the Secretary to the Board of Revenue, dated 8th October 1872, No. 2,488 :—

TOWARDS the close of the last year, the Managers of the Kykalore Anglo-Vernacular Grant-in-aid School requested the Local Fund Board to relieve them from the burden of maintaining the institution, its receipts having greatly fallen off partly owing to irregular payment of voluntary contributions, and partly, it is said, to the enhanced rate of school fees having kept boys away from the school. The Local Fund Board, Masulipatam Circle, undertook at the time to keep the school as a middle class school, Government continuing their grant-in-aid.

2. Owing probably to the imperfectness of the scheme of elementary education that was then under preparation, this resolution was not brought to the notice of Government earlier ; their sanction should have been obtained for the Board to substitute itself for the School Committee.

3. In June last, the Managers of the school renewed their application and informed the Board that unless the salaries of the teachers from March last were paid the school would cease to exist, and that they themselves had renounced all connection with the institution.

4. The Board accordingly consulted the Director of Public Instruction to ascertain whether the Government grant, which had not been drawn from the commencement of the official year, would be continued if the Local Fund Board undertook to make up the deficit in the collections. Though in his Proceedings, dated 29th August 1872, No. 1,875, he ranked this as a middle class school, that officer in reply states, "I do not consider the course suggested in your letter to be admissible. I recommend that the school be made an elementary one, and be maintained by the Local Fund Board."

5. The Board would now solicit permission to draw the Government grant up to November next, supplementing the same from their own funds; the arrears of the salaries of teachers, etc., will be paid up to that date, and the school will be kept up afterwards as a second class school under the scheme already submitted.

6. The payment of back pay to the masters amounting to nearly Rupees 138, will have to come out of General Funds.

SUBMITTED for the orders of Government.

2. By some oversight the Masulipatam Local Fund Board assumed the responsibility of supporting a middle class Grant-in-aid School at Kykalore from the beginning of the present official year without obtaining the sanction of Govern-

ment. They request Government to pay the grant-in-aid, viz., Rupees 101½, for the first seven* months of the year or until the end of October. From the beginning of November the school is to be made a "second class" school according to the scheme laid before Government in Board's Proceedings, 26th September 1872, No. 1,918.

* Not six as stated in the letter.

3. The question whether the Local Fund Board are to be permitted to establish middle class schools of this sort as union schools has yet to be settled, but in the meantime the grant-in-aid up to the end of October may be paid.
