No. 11. Read the following letter from the Inspector-General of Hospitals, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 16th November 1872, No. 360:—

I have the honour to mention, in continuation of my letter, No. 319, dated 9th ultimo, that Assistant-Surgeon E. Nicholson, Analyst of Water, Northern Circle, has reported his return to Madras on the 14th November, and is available for the further orders of Government.

2. Dr. Nicholson has completed the analysis of the whole of the potable waters in Military Cantonments in Mysore Division, Ceded Districts, and Northern Division, the circle allotted to him. While under my orders he has conducted his duties in an expeditious and accurate manner and to my entire satisfaction, and I have been led to entertain a very high opinion of his qualification as a scientific and practical chemist.

3. Whilst at Bangalore, he directed a large share of his attention to the waters of the Ulsoor Tank, and his advice was of value in working out the scheme.

No. 12. ORDER THEREON, 2nd December 1872, No. 1600.

Communicated to the Public Works Department in continuation of G. O., dated the 25th October 1872, No. 1198.

2. The services of Assistant-Surgeon Nicholson are placed at the disposal of the Public Works Department.
