No. 83. Read the following letter from the Postmaster-General, Madras, to the Officiating Chief Secretary to Government, Fort St. George, dated Madras, 15th November 1872, No. 5130-2621 :—

I beg to forward you a copy of a memorandum from the Superintendent, Government Press, to the Postmaster, Madras, from which it appears that the orders of Government are necessary for the publication in the vernacular of vernacular letters lying in the Madras Post Office as unclaimed, and to solicit the necessary instructions being given. The practice up to a recent date was to publish the list wholly in English character; on receiving a demi-official communication from the Hon. R. S. Ellis a few months ago on the subject of the delivery of Native letters, I instituted inquiries at once, the result of which will be duly communicated when completed, and I deemed it advisable to direct that all letters lying unclaimed in the Madras Post Office should, in future, be published in the Gazette in the same character as addressed. The Superintendent of the Government Press was kind enough to comply with this request as conveyed to him by the Postmaster of Madras for a few months, but now it appears the orders of Government are necessary to enable him to continue doing so. I may add that I attribute, to a certain extent, the considerable diminution of the number of unclaimed letters to the publication in the Gazette in vernacular of unclaimed letters so addressed.

No. 84. ORDER THEREON, 9th December 1872, No. 1652.

As there are only 160 Native subscribers to the *Fort St. George Gazette* throughout the Presidency, the Governor in Council does not consider that the insertion of the vernacular list of unclaimed letters can be of any material use, and it is desired to exclude vernacular matter of only individual interest from the Gazette as much as possible.

Madras Medical College.

THE Principal of the Medical College notifies for public information that a Government Scholarship tenable for five years, from the 1st of October next, is now vacant.

Candidates for the Scholarship must have passed the First Examination in Arts of the Madras or of some other recognized University, and a preference will be given to the Candidate who shall have taken up Latin as the optional language at the said F.A. Examination.

The successful Candidate will receive a monthly stipend of Rupees Twenty, to be increased to Rupees Thirty on passing successfully and at the regulated time the Preliminary Scientific Examination of the University, and a further increase of Rupees Ten will be made when he shall pass successfully and at the regulated time the First Examination of the University for Medical Degrees.

The stipend of the Scholarship is subject to curtailment, suspension, or entire withdrawal should the Educational Authorities have occasion to find fault with the conduct, want of zeal, or lack of ability of the stipendiary student; and failure to pass the required examination will entail forfeiture of all future increase of stipend.

No stipend can be held for more than five years.

Government Scholarships are open to all, whether European, East Indian, or Native.

Candidates who have passed the First Examination in Arts are admitted as Private Students to the Senior Department of the College and gratuitously educated, provided they desire to qualify for Medical Degrees in the University of Madras.

Candidates for Government Scholarships, as well as for Private Studentships who have not passed in Latin at the First Examination in Arts are required to pass in that language up to the F.A. Standard at the Preliminary Scientific Examination held at the close of their first year of study.

Applications are to be addressed to the Principal of the Medical College on or before the 1st of September next.

W. N. CHIPPERFIELD,
Acting Principal, Medical College.

Madras Medical College, 22nd April 1872.

N.B.—Candidates for the Scholarship should make themselves thoroughly acquainted with the details of the University Rules for Degrees in Medicine.
