Not to be folded or roughly handled

No. 91. Read the following letter from the President of the Municipal Commission, Trichinopoly, to the Chief Secretary to Government, Fort St. George, dated Trichinopoly, 27th November 1872, No. 30 :—

In G. O., No. 1526, of 11th December 1868, Government were pleased to sanction a special allotment of Rupees 2,500 towards the outlay then considered necessary for the efficient drainage of the Lines of the 9th Regiment, now occupied by the 38th Regiment, N. I.

2. The work as estimated then, however, was not sufficient, and the Sanitary Commissioner on his recent visit expressed himself very strongly on the insanitary condition of the lower end of the drain, and observed that, for proper conservancy and to carry off the stagnant water thoroughly, it is absolutely necessary to carry the drain on as far as the paddy fields.

3. The enclosed estimate has accordingly been prepared to carry out the work amounting to Rupees 460; but, with reference to Section 110 of the Act, the Commissioners are of opinion that the charge should be borne by Government as the drain is required solely for the 38th Regiment.

4. I annex an extract from their Proceedings on the subject, and have the honour to request that the amount specified may be placed at the disposal of the Commissioners for the purpose indicated.

EXTRACT from the Proceedings of the Municipal Commissioners for the Town of Trichinopoly, at a Meeting held on the 2nd November 1872.
