Proceedings of the Madras Government, Financial Department,
28th February 1872.

Read the following papers:—

No. 106. Proceedings of the Board of Revenue, dated 28th November 1871, No. 4863.

Read the following letter from A. McC. WEBSTER, Esq., Acting Collector of South Canara, to the Acting Secretary to the Board of Revenue, dated Barcoor, 2nd November 1871, No. 1451-A:—

I have the honour to bring to the notice of the Board and Government the very unfavourable position in which the Kundapur Rate School is placed when compared with other schools originally introduced under the Madras Education Act No. VI. of 1863.

2. This school was originally opened by Commissioners appointed after the issue of the Notification of Government, dated 28th January 1869, No. 30, declaring the Madras Education Act to be in force in Kundapur and the adjoining villages. This Notification was issued in accordance with the request of the villagers, who were under the impression that, if they would consent to have themselves taxed for the purpose, Government would aid them by a grant in the same manner as the other Rate Schools in the District had been aided, and I think that, under the circumstances, this impression was neither unnatural nor unjustifiable. Although the school was opened on the 14th June 1869, soon after the publication of the Notification, a considerable delay occurred in the preparation and submission of rules, and the consequence was that, in their Order of the 13th May 1870, Government deferred passing orders on the subject of the rules, pending the consideration of the Local Funds' Bill, then before the Legislative Council. On this, the Deputy Inspector of Schools addressed me, pointing out the position in which the school was situated, established in accordance with a Notification of Government, and yet without the power of raising funds for its support. The matter was again brought before the Government in my letter of the 7th July 1870, and on the 8th August 1870, Government approved of the rules with a slight modification. The Commissioners were thus empowered to raise a tax for 1870-71, but it was too late to do so for 1869-70, and it was, therefore, impossible for them fully to replace the amount which they had expended from a fund raised by subscription and which it had been originally intended to devote to building purposes.

3. The delay in submitting the rules for sanction prevented the Commissioners applying for a grant-in-aid previous to the issue of the Director of Public Instruction's Official Memorandum, No. 2522, dated 25th October 1869, intimating that a restriction had been placed on the sanctioning of new grants-in-aid.

4. No grant-in-aid being procurable, the Commissioners were obliged to content themselves with a result grant for the school, and in consequence the Kundapur Rate School alone is obliged to be entirely dependent on Union Funds for support, while the other Rate Schools of the District, established under almost precisely similar circumstances, are drawing a very considerable grants-in-aid from Provincial Fund.

5. I trust that the above will satisfy Government that it was only owing to purely adventitious circumstances that the Kundapur Rate School was drawing a result grant instead of a grant-in-aid, and that they will be pleased, as a special case, to place the school on the same footing as the other Rate Schools in the district.
