Proceedings of the Madras Government, Financial Department, 7th March 1872.

No. 71. Read the following Proceedings of the Board of Revenue, dated 20th December 1871, No. 5123:—

Read the following letters:—

From G. VANSAGNEW, Esq., Collector of Nellore, to the Secretary to the Board of Revenue, dated 17th August 1871, No. 1587.

With reference to paragraph 24 of Government Order, dated 9th May 1871, No. 619, I have the honour to forward lists of institutions to be transferred severally to the Municipality and to the Local Fund Board at Nellore.

2. CHARITABLE INSTITUTIONS.—The charitable institutions to be transferred to the former are—

1*st*.—The Civil Dispensary at Nellore.
2*nd*.—Its Branch.
3*rd*.—The Lungerkhana.

3. Each of these institutions, as described in the statement, has a separate income of its own. The additional cost thrown upon them for medicine and medical subordinates will fall on the Municipality and Local Fund Boards in due proportions.

4. The Ongole Dispensary is the only charitable institution to be transferred to the Local Fund Board, which undertakes to bear the entire cost of the establishment and other charges.

5. SCHOOLS.—There are no salary grant schools in the Municipality at present. The schools to be transferred to the Municipality are only the pial schools, aided by results grants. These are all private property and the transfer would be but nominal, the real charge consisting in the payment of the grants from the Municipal Funds. The Commissioners have recently held a full discussion as to the possibility of their supporting all such schools in the town, of which there are no less than fifteen at present, the demand on account of grants for the same being anticipated to amount to between 1,500 Rupees and Rupees 1,700. The Commissioners accordingly passed a resolution that, their annual income being about Rupees 17,000 for all purposes, $7\frac{1}{2}$ per cent. thereof, or about Rupees 1,200 was the maximum sum that they would be justified in holding themselves responsible to pay for the purpose of education.

6. The list of schools is not complete. It is only a list of those aided in the last year. There are several other schools of the lower class which may be brought up for grants this year as the Deputy Inspector of Schools has already done in one case. And as these are not as at present constituted transferable property, I do not suppose they fall under the description given in Section 15 of the Towns' Improvement Act.

7. The Municipal Commissioners are informing the Director of Public Instruction on the amount of money that can be spared for educational purposes in view to his making arrangements for not exceeding that sum.

8. The schools to be transferred to the Local Fund Board are for the present only nine as per list. These are all old Rate Schools, established under Act VI. of 1863. The Local Fund Board have determined to constitute them Local Fund Schools and to make due provision for them in the budget.

9. I beg to enclose a list of persons who may be appointed as Managing Committees of the Institutions.

ENCLOSURE No. 1.

Institutions to be transferred to the Municipality of Nellore under Act III. of 1871.

		Receipts.	Charges.	Remarks.
		RS.	RS.	
1	Civil Dispensary, Nellore.	1,800	2,700	The only support for this institution is the voluntary grant made annually by the Rajah of Venkatagherry of Rupees 1,800. The usual expenditure has been kept below the receipts. This institution has a separate building of its own. The charges include the payment for salaries and medicine hitherto incurred by Government, and this additional expenditure will be shared by the Municipal and Local Fund Boards.
2	Branch Dispensary, Nellore.	850	1,600	This is a branch of the above institution. It has no fixed receipts. The present receipts are derived from the interest on its funded capital, from subscriptions from European residents, and from Natives, and from sale of medicines. The accounts of the Dispensary and the Branch are kept separately. The charges have been kept below the receipts, and now that the salary of the Native Surgeon and cost of medicine is added, the excess expenditure will be met from Municipal Funds aided by a contribution from the Local Funds. The late Garrison Hospital was made over to this institution under Government Order, dated 1st March 1864, No. 251.
3	Lungerkhana, Nellore.	2,940	2,500	This is an institution which was originally established during the Mahomedan rule and designed to relieve the blind, the dumb, the lame, and other destitute and deserving objects, who are incapable of supporting themselves. The allowance was continued to be disbursed on the assumption of the country in daily and monthly stipends, and afterwards in raw rice and cash for condiments and fuel. In 1854 the management of the institution was transferred to a local Committee consisting of the Collector, the Judge, and private gentlemen. Lately the Committee have substituted cooked for raw food, and in consequence many undeserving professional beggars who were on the list have taken themselves off and the number of recipients of the charity at present are only 33 in Nellore and 14 in the taluqs. The funds which constitute the support of this institution are derived from a grant annually made by Government at the fixed rate of Rupees 2,940 a year. It is desirable that the institution should be transferred to the Municipality. A Poor House and Infirmary should be established in connexion with this institution. A portion of the late Garrison Hospital was made over to the Lungerkhana under Government Order, dated 10th November 1860, No. 2108, but the building is unsuitable except as a place to cook and distribute food at.

(Signed) G. VANSAGNEW, *Collector.*

ENCLOSURE No. 2.—List of Committees.

ENCLOSURE No. 3.

ABSTRACT.—List of Institutions proposed to be transferred to the Local Fund Board, Nellore Circle.

ENCLOSURE No. 4.

ABSTRACT.—List of Schools to be transferred to the Local Fund Board, Nellore.

ENCLOSURE No. 5.

ABSTRACT.—Statement of Receipts and Disbursements of the Lower Class Schools in the Municipality of Nellore for the year 1870-71.

From G. VANSAGNEW, Esq., President of the Local Fund Board, Nellore, to the Acting Secretary to the Board of Revenue, dated 18th November 1871, No. 51.

AREAS OF RATE SCHOOLS. *Paragraph 4 of Government Order.*—With reference to paragraph 4 of Government Order, No. 530, dated 6th October 1871, I have the honour to state that the areas for the Rate School Unions are being determined, and as they are completed, separate reports will be submitted.

2. SCHOOL FEES. *Paragraph 4 of Government Order.*—As for school fees, I have the honour to refer the Board to my letter of this day's date No. 50, and to state that the Local Fund Board have resolved that no school fees should be levied for the present in the Local Fund Schools.

3. TRANSFER OF ONGOLE CIVIL DISPENSARY. *Paragraph 5 of Government Order.*—In reference to paragraph 5 of the Government Order, I have the honour to state that the required preliminary notification for the transfer of the Ongole Civil Dispensary was published in the District Gazette of the 11th instant.

4. CIVIL DISPENSARY AND LUNGERKHANA.—As regards the Civil Dispensary and Lungerkhana to be transferred to the Municipality, a statement of receipts and charges is submitted. A similar statement had already been submitted to the Board with my letter, No. 1587, dated 17th August 1871, on which no orders have been passed yet.

5. Adverting to the query of Government, as to whether any additional burthen will be thrown on the Municipality beyond those specified in Government Order, 17th April 1871, I have the honour to refer the Board to their Proceedings, No. 4510, of the 26th October 1871, in which my report on the financial resources of the dispensary is printed. So long as the Rajah of Venkatagherry pays his contribution of 1,800 Rupees a year (not the slightest intention to the contrary having been manifested as yet), there will be no necessity of making further provision in the budget.

With the first of these letters the Collector submits five lists, four, showing institutions proposed to be transferred to the Municipality and Local Fund Board, and one, the members to be appointed as Managing Committees for the Dispensaries.

2. In the second letter, Mr. VansAgnew as President of the Local Fund Board answers the several questions put by Government in their orders* on the current year's Local Fund Budget of the Circle.

* Financial Department, dated 6th October 1871, No. 530.

3. The Board of Revenue resolve to recommend Government to declare the Dispensaries and Lungerkhana at Nellore vested in the Municipality. A statement showing the receipts and charges of the institutions is herewith submitted. With reference to the remarks of Government, the President explains in paragraph 5 of his second letter that there will be no necessity for increasing the budget provision on account of the Dispensary.

4. As regards the schools,* they are stated to be private property and are, therefore, not included in the scope of Section 15, Act III. of 1871. The Municipality will, however, be liable for the payment of the grants.

* Results' Grant Schools

5. With respect to the Ongole Dispensary, the Government have already authorized its transfer to the Local Board, and the President intimates that the prescribed Notification was published in the District Gazette of the 11th November 1871.

6. The Rate Schools should not have been included in the lists.

7. It is observed that the Managing Committees are proposed by Mr. VansAgnew in his capacity of Collector, whereas the rules contemplate that the suggestion should be made by the Local Fund Board or the Municipality concerned. Further, the Committees should be subordinate ones and for individual institutions. The list is returned for revision.

8. The communication referred to in paragraph 2 of the second letter recorded at the head of these Proceedings was laid before Government for orders in the Proceedings of the Board of Revenue, dated 27th November 1871, No. 4858.
