Proceedings of the Madras Government, Financial Department, 8th March 1872.

No. 85. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort St. George, dated Madras, 17th January 1872, No. 61 :—

Adverting to paragraph 2 of the Order of Government, dated the 19th October last, No. 317, I have the honour to state that I propose to considerably reduce the number of fourth grade pupils studying in the Normal Schools at Vellore and Trichinopoly, and to make a corresponding increase in the number of fifth grade pupils. This arrangement will, I think, secure a class of masters suited for employment in elementary schools.

2. At the same time I consider it necessary to bring to the notice of Government that some measure of certainty in obtaining employment must be held out to induce pupils to join the Normal Schools. It would not, of course, be advisable to compel Local Boards to employ the men who may be available, but they should, at the least, be given to understand that their co-operation in the matter is essential.

No. 86. ORDER THEREON, 8th March 1872, No. 265.

Communicated to the Local Fund Boards in North Arcot, Trichinopoly, and Tanjore, who will consider, in communication with the educational authorities, what number of elementary schoolmasters they can provide employment for.
