No. 29. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, Fort St. George, dated Fort St. George, 15th December 1871, No. 2337 :—

Adverting to my letter, No. 2305, dated 12th December 1871, now before Government, I have the honour to state that, it having been intimated to me by the Chief Secretary that it is absolutely necessary that my accounts should show, in respect to "Local Funds," the receipts and expenditure according to *Local Fund Circles*, I have called upon Range Officers to furnish me with the required particulars as early as practicable, and have requested them, in future Progress Reports, to note, by red ink entries against the various items, the particular Local Fund Circles to which they severally appertain.

2. As soon as the replies of the Range Officers are received, and I am in possession of advice from the Board of Revenue, in pursuance of paragraph 10 of Financial Proceedings, No. 755, of the 7th instant, as to the particular accounts which I am to render and the forms of those accounts, I will proceed to have books written up in accordance with the new arrangement. To enable me to do this, I have the services of the Local Fund Establishment recently sanctioned, and, on further consideration, I do not think it will be necessary to employ at present more than one additional Accountant, on a salary of Rupees 40 per mensem, to bring up arrears from 1st April to 30th November 1871.

3 I have only to add that the present application is made under permission from the Chief Secretary to Government.

Transferred to the Financial Department for consideration.

Doubt has been about in the matter of making V.R. Ranges intermixing with Local Land Boards Circles or in assigning them but no range to assigning them but no range to Land Boards Circles?
